Listen to, save & delete messages

The system automatically saves all incoming messages until you delete them. You can store approximately 60 minutes of messages, memos and announcements (up to a maximum of 99 messages).

Before playing each message, the system announces the day and time the message was received. If **Store caller number** is activated, the system also announces the caller's telephone number (see **Store caller number** under **Feature setup** on page 4). After playing the last message, the system announces, **End of messages**.

Messages cannot be deleted until they have been reviewed, and deleted messages cannot be retrieved.
