A Prelude To The Foundation Of Political Economy:

A Prelude to the Foundation of Political Economy C. Bina, 2013-02-13 A Prelude to the Foundation of Political Economy is a groundbreaking volume of theory and strategy on political economy and polity of the twenty first century Distilled in concrete terms it elucidates the enigma of oil in view of the centrality of global social relations *A Prelude to the Foundation of Political Economy* C. Bina, 2013-02-13 A Prelude to the Foundation of Political Economy is a groundbreaking volume of theory and strategy on political economy and polity of the twenty first century Distilled in concrete terms it elucidates the enigma of oil in view of the centrality of global social relations **A Prelude to the Foundation of Political Economy** C. Bina, 2013-02-13 A Prelude to the Foundation of Political Economy is a groundbreaking volume of theory and strategy on political economy and polity of the twenty first century Distilled in concrete terms it elucidates the enigma of oil in view of the centrality of global social relations **Globalization and the Decline of American Power** Cyrus Bina, 2022-11-23 This book explores America s decline as a global power arguing that the implosion of Pax Americana was initiated by the process of globalization preceding the collapse of the Soviet Union by nearly a decade The era of Pax Americana and with it American hegemony is conclusively passed and will not return in current global conditions There is a stark contrast between the present epoch and the postwar era of American hegemony 1945 1979 in which the United States at least outside of the Soviet sphere of influence largely managed the international economy and reigned over international politics and relations Drawing on both theoretical and empirical evidence this book shows that the era of globalization unleashed forces social political and economic which broke down the status quo of American hegemony Author Cyrus Bina also establishes that since the Iranian Revolution 1979 US involvement throughout the Middle East in Iraq Afghanistan Libya Syria Yemen and now notably in Ukraine has been motivated by the freefall of American hegemony and an attempt to get it back by direct or indirect military force Bina utilizes these contexts for wider analysis and critique of a number of theories commonly used to analyze economy polity geopolitical and dynamics of crisis and social change in capitalism This book will be of great interest to students academics and policymakers on subjects of Economics International Relations Global Studies International Political Economy Political Geography Sociology and postwar History *Handbook on Wealth and the Super-Rich* Iain Hay, Jonathan V Beaverstock, 2016-01-29 Fewer than 100 people own and control more wealth than 50 per cent of the world s population The Handbook on Wealth and the Super Rich is a landmark multidisciplinary evaluation of both the lives and lifestyles of the super rich as well as the processes that underpin super wealth generation and its unequal distribution Drawing on international case studies leading experts from across the social sciences offer 22 accessible and coherently organized chapters which critically analyse a range of topics including the legitimacy of extreme wealth from a moral economic perspective biographies of illicit super wealth London s housing markets how the very wealthy fly the environmental consequences of super rich lives crafting immigration policies to attract the rich Students and scholars

studying a host of topics such as development studies economics geography history political science and sociology will find this book eminently engaging It will also be of great interest to public commentators charitable organizations and NGOs concerned with wealth and income distributions *The SAGE Handbook of Globalization* Manfred Steger,Paul Battersby,Joseph Siracusa,2014-05-22 Global studies is a fresh and dynamic discipline area that promises to reinvigorate undergraduate and postgraduate education in the social sciences and humanities In the Australian context the interdisciplinary pedagogy that defines global studies is gaining wider acceptance as a coherent and necessary approach to the study of global change Through the Global Studies Consortium GSC this new discipline is forming around an impressive body of international scholars who define their expertise in global terms The GSC paves the way for the expansion of global studies programs internationally and for the development of teaching and research collaboration on a global scale Mark Juergensmeyer and Helmut Anheier s forthcoming Encyclopaedia of Global Studies with SAGE is evidence of this growing international collaboration while the work of Professor Manfred Steger exemplifies the flourishing academic literature on globalization RMIT University s Global Cities Institute represents a substantial institutional investment in interdisciplinary research into the social and environmental implications of globalization in which it leads the way internationally Given these developments the time is right for a book series that draws together diverse scholarship in global studies This Handbook allows for extended treatment of critical issues that are of major interest to researchers and students in this emerging field The topics covered speak to an interdisciplinary approach to the study of global issues that reaches well beyond the confines of international relations and political science to encompass sociology anthropology history media and cultural studies economics and governance environmental sustainability international law and criminal justice Specially commissioned chapters explore diverse subjects from a global vantage point and all deliberately cohere around core global concerns of narrative praxis space and place This integrated approach sets the Handbook apart from its competitors and distinguishes Global Studies as the most equipped academic discipline with which to address the scope and pace of global change in the 21st century **Value, Money and Capital** Guido Starosta,Gastón Caligaris,Alejandro Fitzsimons,2023-10-05 The book presents a high impact re reading of core topics in the Marx and Marxist debates including value theory the commodity nature of money complex or skilled labour the determination of the value of labour power and the nature of extraordinary surplus value Drawing on this literature the book provides original and innovative insights into key controversies in contemporary capitalism such as the increasingly intellectual character of commodity producing labour the emergence of global value chains the relevance of ground rent bearing commodities and the specific uneven developmental dynamics of resource rich countries in the global process of capital accumulation Contributing to the renewed vitality of critical studies of the economic works of Karl Marx this book will be essential reading for all those interested in contemporary debates within Marxism as well as readers of political economy economics development studies and economic sociology Beyond Free

Trade K. Ervine, G. Fridell, 2015-04-08 The world of trade is changing rapidly from the rise of the South to the growth of unconventional projects like fair trade and carbon trading Beyond Free Trade advances alternative ways for understanding these new dynamics based on historical political or sociological methods that go beyond the limitations of conventional trade economics

Prelude to Political Economy Kaushik Basu, 2000 This volume aims to understand why some economies succeed and some fail and why some communities prosper while others stagnate so economics must be seen as embedded in politics and society It is a study of this embeddedness

Colonial and Postcolonial Oil Politics in the Persian Gulf Battal Doğan, 2024-07-17 This book examines the British colonial and American post colonial oil policies toward the Persian Gulf from a postcolonial critical perspective taking into account the coloniality and postcoloniality of power structures It examines colonization decolonization and postcolonization of oil in the Persian Gulf through the parameters of political order formulated policies market structure concession system imperial national interests and great powers rivalry In this work the author uses qualitative theory testing and comparative case study method There are several reasons that are encouraging for the selection of these two cases first British colonial and American post colonial oil policies toward the Gulf region show similar patterns of domination and exploitation second both colonial and post colonial great powers consider the control of the Gulf oil among their national security priorities third both use military interventions install military bases and involve in coup d etat in the region to maintain their established oil order and fourth both justifies their colonial imperial oil order in the region with humanitarian objectives such as civilizing mission or democratization In this research the state level of analysis is used to explore the oil policies of Anglo American governments The governance history of oil in the Persian Gulf can be broadly divided into three phases 1 the colonial period 1901 1950 2 the decolonization period 1950 1972 and 3 the post colonial period since the mid 1970s to the present Chronologically the oil policies of Anglo American governments are examined in loose temporal and spatial contexts and each period is introduced in independent chapters but they are complementary to each other

The book delves into A Prelude To The Foundation Of Political Economy. A Prelude To The Foundation Of Political Economy is a vital topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into A Prelude To The Foundation Of Political Economy, encompassing both the fundamentals and more intricate discussions.
