Garner, 2025-08-25 Author Garner provides advice from his numerous books for aspiring sergeants first line supervisors law enforcement mid managers and police chiefs which can all be found here along with a lot of new information These different leadership ranks have enough in common that a single book would be of value to each of them That is of course if the book contained practical advice that the law enforcement leader could apply to the challenges they

face virtually every shift This is intended to be that book It recognizes that while many leadership issues are the same regardless of the rank of the leader some of the challenges faced by the sergeant are not identical to the ones confronted by the chief or sheriff While advice applicable to every rank is furnished in each chapter each chapter also addresses the different issues encountered at each leadership level Hopefully all that helpful advice emphasizes practical application not theory After all that is what common sense is all about You will draw heavily upon your training knowledge and experience to do that To be truly effective in your quest you must add a healthy dose of common sense to these things This book will aid you immeasurably by relating the experiences good and bad of other law enforcement leaders The information provided is not based on theory but on actual practice A solid core of common sense supports it The book will also help you take care of yourself by offering time proven advice on working for someone handling bad events when and how to ask for help and surviving the hazards of your position This book is about helping you do your important job extremely well while living to enjoy great satisfaction from your accomplishments It s all about being a leader with common sense It s about you
