African Christian Ethics Hippo:

African Christian Ethics Samuel Waje Kunhiyop, 2019-04-09 An introduction to African Christian ethics for Christian colleges and Bible schools African Christian Ethics is divided into two main parts The first deals with the theory of ethics while the second discusses practical issues The issues are grouped into the following six sections Socio Political Issues Financial Issues Marriage Issues Sexual Issues Medical Issues Religious Issues Each of these six section begins with a brief general introduction followed by the chapters dealing with specific issues in that area Each chapter begins with an introduction discusses traditional African thinking on the issue presents an analysis of relevant biblical material and concludes with some recommendations There are questions at the end of each chapter for discussion or personal reflection often asking students to reflect on how the discussion in the chapter applies to their ministry situation **A**

Multidimensional Perspective on Corruption in Africa Sunday Bobai Agang, Chris Jones, Pregala Pillay, 2019-11-15 This book brings together a number of African anti corruption policy makers from across different academic disciplines religions and generations It engages in processes of economic social and political transformation to eliminate poverty and inequity through individual and institutional means Through historical and contemporary perspectives on authority structures institutionalised myths beliefs and rituals of authority the volume explores how to correctly mobilise and influence citizens behaviour and attitudes towards accountability transparency and probity all of which are key to strengthening national integrity systems all over Africa and are needed for equity and sustainable development The book strongly advocates that corruption is everybody s business All the chapters in some way commemorate the inaugural anti corruption year of the African Union in 2018 by interrogating how mechanisms to eliminate inequity and poverty can be built in Africa

Justice-based ethics Chris Jones, 2018-12-01 The book reflects academically on important and relevant ethical fields from a multidimensional South African context The book challenges conventional borders from different ethical theological philosophical economic and cultural perspectives with insight and expertise and seeks to add academic ethical value locally and globally with its different points of departure deeply embedded in justice From a mainly qualitative methodological perspective this scholarly book demonstrates that ethics requires analytical thinking and critical people who in an existentially and emancipatory way can help make the world a more just decent and humane place in which to live The authors who represent different academic and cultural backgrounds present in their respective chapters their research systematically intersectionally and constructivistically based on profound theoretical analysis and reasoning This epistemology results in an act of knowing that actively gives meaning and order to the reality to which it is responding By doing this they point out that people are in an ongoing process of becoming more human allowing ourselves and our fellow human beings to flourish and to reach fuller potential through justice based ethical reflection and action **A New History of African Christian Thought** David Ngong, 2016-11-10 David Tonghou Ngong offers a comprehensive view of African

Christian thought that includes North Africa in antiquity as well as Sub Saharan Africa from the period of colonial missionary activity to the present Challenging conventional colonial divisions of Africa A New History of African Christian Thought demonstrates that important continuities exist across the continent Chapters written by specialists in African Christian thought reflect the issues both ancient and modern in which Christian Africa has impacted the shape of Christian belief from the beginning of the movement up to the present day **The Palgrave Handbook of African Social Ethics** Nimi

Wariboko, Toyin Falola, 2020-03-30 This Handbook provides a robust collection of vibrant discourses on African social ethics and ethical practices It focuses on how the ethical thoughts of Africans are forged within the context of everyday life and how in turn ethical and philosophical thoughts inform day to day living The essays frame ethics as a historical phenomenon best examined as a historical movement the dynamic ethos of a people rather than as a theoretical construct It thereby offers a bold incisive and fresh interpretation of Africa's ethical life and thought *The Homosexuality Debate in Malawi* Hamburu

Mawerenga, 2018-06-14 Homosexuality is a cross cutting challenge to Malawian society with theological socio cultural economic legal political and human rights implications This book argues that the solution to the homosexuality debate in Malawi does not lie in either the criminalization or decriminalization of homosexuality neither does it lie in homophobia nor heterophobia However the solution to the homosexuality debate lies in achieving a harmonious co existence of both heterosexuals and homosexuals by practicing mutual tolerance The book concludes by suggesting various activities to be taken by The Government of Malawi Gay Rights Activists Religious Leaders Traditional Leaders and Malawian Society to ensure the aforementioned tolerance and understanding is encouraged Ethics and Moral Reasoning C. Ben

Mitchell, 2013-11-30 Gay marriage Embryonic stem cell research Abortion Such generation defining issues loom large in our society and demand a thoughtful response Helping Christians to interact with our morally confused world Ben Mitchell challenges the relativism so rampant in the West today In addition to examining the history of ethical reflection from Moses to Immanuel Kant Mitchell also incorporates the voices of current Christian ethicists such as Stanley Hauerwas and N T Wright proposing a holistic approach to ethics one based on biblical principles historical views today's leaders and Christian virtues Communities of Faith in Africa and the African Diaspora Casely B.
