Sanborn,2014-09-11 Imperial Apocalypse describes the collapse of the Russian Empire during World War One Drawing material from nine different archives and hundreds of published sources this study ties together state failure military violence and decolonization in a single story Joshua Sanborn excavates the individual lives of soldiers doctors nurses politicians and civilians caught up in the global conflict along the way creating a narrative that is both humane and conceptually rich The volume opens by laying out the theoretical relationship between state failure social collapse and decolonization and then moves chronologically from the Balkan Wars of 1912 13 through the fierce battles and massive human dislocations of 1914 16 to the final collapse of the empire in the midst of revolution in 1917 18 Imperial Apocalypse is the first major study which treats the demise of the Russian Empire as part of the twentieth century phenomenon of modern decolonization and provides a readable account of military activity and political change throughout this turbulent period of war and revolution Sanborn argues that the sudden rise of groups seeking national self determination in the borderlands of the empire was the consequence of state failure not its cause At the same time he shows how the destruction of state institutions and the spread of violence from the front to the rear led to a collapse of traditional social bonds and the emergence of a new more dangerous and more militant political atmosphere Parenting in the Zombie Apocalypse Steven J. Kirsh,2019-05-17 Parenting is difficult under the best of circumstances but extremely daunting when humanity faces cataclysmic annihilation When the dead rise hardship violence and the ever present threat of flesh eating zombies will adversely affect parents and children alike Depending on their age children will have little chance of surviving a single encounter with the undead let alone the unending peril of the Zombie Apocalypse The key to their survival and thus the survival of the species will be the caregiving they receive Drawing on psychological theory and real world research on developmental status grief trauma mental illness and child rearing in stressful environments this book critically examines factors influencing parenting and the likely outcomes of different caregiving techniques in the hypothetical landscape of the living dead The Impending Great Tribulation Apocalypse Mike Penrod,2016-08-10 There is one chapter in the book of Revelation in which all nine subjects some in imagery are the same and in the same order as another chapter in the Bible This explains where we are on the apocalyptic time line Mike Penrod The Greatest Suffering the World Will Ever Know There is a social phenomenon occurring now which is prophetically timed to start accelerating during the four blood moon sequence from 2014 through 2015 This will affect almost everyone some people may even think they are living in the Great Tribulation Apocalypse before it starts The split verses are explained People, Power, and Profits Joseph E.
