...And Then God Created Golf, 2004 Everyone who loves golf knows that it is much more than a game It has been called the sport that reveals the true insides of a person It demands concentration and commitment practice and humility So with this type of focus on a sport where might God fit in . . . **And Then God Created Golf** James R. Bolley, 2022-10-03 Golf is much more than a game Golf has been called the sport that reveals the insides of people Like life golf is about avoiding hazards developing consistency and overcoming failure In the unpredictable challenges of golf and life we learn to handle success analyze situations make wise choices under pressure and persevere to the end And Then God Created Golf gives you inside tips hints and pointers on your favorite game along with humorous quips and quotes from well known golf pros You'll also find that the discussions of the fundamentals of this complex game reveal practical guidance on the spiritual disciplines of the Christian life **My Golf Balls Grew Eyes** Edward Robinson, 2020-11-06 Does God exist This book explores and compares the teachings of evolution by Charles Darwin 1807 1882 in *On the Origin of Species by Means of Natural Selection or The Preservation of Favoured Races in the Struggle for Life* to the beliefs of William Paley 1743 1805 in *Natural Theology or Evidences of the Existence and Attributes of the Deity* It also examines if increased scientific knowledge in the last one hundred and fifty years adds credence to Darwinism and or to intelligent design It likewise explores whether Intelligent Design and evolution are compatible How can something come from nothing This book evaluates some problematic areas of Darwinism such as the origin of sex conciseness empathy mammary glands instincts and also the existence of irreducible complexity with the cell walking teeth etc Is the Judaic Christian Bible factual and is God revealed This book confirms the accuracy of the Bible with the discovery of the Dead Sea Scrolls in 1948 and God reveals himself through the fulfilment of prophecy especially concerning Jesus Christ Finally what does a living God want from us *Golfing with God* Roland Merullo, 2007-05-11 Herman Hank Fins Winston was a pro golfer destined for greatness Now he lives in a condominium on the thirteenth fairway of one of heaven's glorious courses a fact he finds surprising and amusing since for one reason or another a fair percentage of golfers never make it to paradise Hank is having the time of his afterlife until he's summoned one idyllic morning to play a round with the Almighty It seems that God is having some trouble with His game As they play the heavenly courses both in paradise and back on earth Hank comes to realize that what began as a golf lesson has become a spiritual journey **And God Created Human** Jana Tether, 2007-06 Two thousand years ago Jesus told parables to touch the hearts and minds of those he wanted to reach and teach Today how can we reach people from all walks of life with biblical truth This book brings God's teachings to life through drama providing a collection of humorous contemporary pieces to be performed or simply read They relay the messages of God's love hope and involvement in our lives as we face life's ups and downs Drama subjects include insecurity temptation spiritual warfare and fear just to name a few These creative dramas and monologues will engage your audience in worship services retreats Bible study groups and more Scripture verses and

questions are included to encourage and guide discussions and show how God and his Word apply to our lives today back of the book **Deception at Work** Michael J. Comer, Timothy E. Stephens, 2017-05-15 Deception at Work tells you how to recognize and deal with lies in meetings negotiations discussions and in writing It is guaranteed to make you a more effective and confident operator no matter what job you do Simply leaving the book on your desk for others to see will improve your chances of not being deceived The book exposes deception in all of its forms linking the authors 40 years of experience in dealing with fraudsters with the most recent findings on MRI scanning and the human brain It explains how why and in what circumstances both achievement and exculpatory lies are told and how they can be resolved It sets out a low key but effective plan for dealing with liars in all shapes and sizes from confidence tricksters to malingerers and hard nosed fraudsters This ground breaking work includes the most comprehensive summary of the clues to deception of any book currently in print
