Finding the Lost Art of Empathy Tracy Wilde-Pace, 2019-05-21 Pastor Tracy Wilde reflects on the absence of empathy in today's world and shares how Christians can renew their compassion to help unify not only the church but society as well. In this timely and refreshing guide, achieving meaningful relationships and cultivating lasting connections with others are often some of the most valuable experiences of our lives. So why can it sometimes feel so difficult to relate to the people around us if we all share the same human desire to bond? In *Finding the Lost Art of Empathy*, Tracy Wilde addresses the reasons why we struggle with showing empathy toward others and explains why we ultimately avoid it and even avoid contact with others altogether. She explores the different facets that have promoted isolation instead of community and provides the antidote for a more unified loving and empathetic society. Inspirational and encouraging, Wilde inspires us to self-reflect and remove whatever obstacles from our lives that may be blocking our way to true fulfillment in our relationships and living life the way God intends us to.

Human Resource Management Jean M. Phillips, 2023-11-04 Formerly published by Chicago Business Press, now published by Sage. *Human Resource Management: An Applied Approach* prepares future HRM professionals to effectively utilize strategies and tools to advance their careers and support the growth and development of those they manage. Author Jean Phillips adopts an engage-by-example method, encouraging students to take action and create a lasting impact in the field of HRM that goes beyond theoretical learning. The Third Edition features new end-of-chapter exercises, company examples throughout the book, and a new section called *Using This Knowledge* at the end of each chapter, providing additional support for knowledge application. Through case studies, videos, and exercises, students will develop their personal skills and gain practical experience in applying various HR concepts, enabling them to become better managers and more effective leaders.

Technical Support Rachel King, 2014-12-15 Think you want to go into the technology industry? Many technology professionals jump start their careers in technical support. Whether you're looking to join a big company or a small start-up, learn exactly what it takes to get that perfect job.

Culture as Weapon Nato Thompson, 2017-01-17 One of the country's leading activist curators explores how corporations and governments have used art and culture to mystify and manipulate us. The production of culture was once the domain of artists, but beginning in the early 1900s, the emerging fields of public relations, advertising, and marketing transformed the way the powerful communicate with the rest of us. A century later, the tools are more sophisticated than ever, the onslaught more relentless. In *Culture as Weapon*, acclaimed curator and critic Nato Thompson reveals how institutions use art and culture to ensure profits and constrain dissent, and shows us that there are alternatives. An eye-opening account of the way advertising, media, and politics work today, *Culture as Weapon* offers a radically new way of looking at our world.
