**Aperture 3** Dion Scoppettuolo, 2013      Apple Pro Training Series Dion Scoppettuolo, 2012-10-13 Updated for Aperture 3.4 this Apple certified guide starts with the basics of image management and takes you step by step through Aperture's powerful editing retouching proofing publishing and archiving features. It delivers comprehensive training the equivalent of a two day course in one project based book. With complete coverage of Aperture's new interface and features you'll learn to index your photos using face recognition and GPS location data master powerful non destructive image adjustment tools including brush based local adjustments and create impressive slideshows that include photos HD video clips and layered soundtracks. Learn time saving techniques for sorting ranking and organizing images for use in different jobs. And discover effective ways to publish images for client review and keep your online portfolio up to date automatically. This book's real world exercises feature professional photography from a variety of genres including landscapes portraits wedding and wildlife photography. Focused lessons take you step by step through professional real world projects. Accessible writing style puts an expert instructor at your side. Ample illustrations help you master techniques fast. Lesson goals and time estimates help you plan your time. Chapter review questions summarize what you've learned and prepare you for the Apple Pro certification exam. Requires OS X v 10.8.2 or later Aperture 3.4 or later. The Apple Pro Training Series is both a self paced learning tool and the official curriculum for Apple Pro Training and Certification Programs.      *Exploring Color Photography Fifth Edition* Robert Hirsch, 2013-02-11 The classic book on color photography is back in print and completely revamped for a digital photography audience. Learn from step by step instruction illustrative charts and unbelievably inspirational imagery in this guide meant just for color photographers. World renowned artists give you insight as to how they did that and the author provides challenging assignments to help you take photography to a new level. With aesthetic and technical instruction like no other this book truly is the bible for color photographers.
