Organizational Auditing and Assurance in the Digital Age Marques, Rui Pedro,Santos, Carlos,Inácio, Helena,2019-02-15 Auditing is constantly and quickly changing due to the continuous evolution of information and communication technologies As the auditing process is forced to adapt to these changes issues have arisen that lead to a decrease in the auditing effectiveness and efficiency leading to a greater dissatisfaction among users More research is needed to provide effective management and mitigation of the risk associated to organizational transactions and to assign a more reliable and accurate character to the execution of business transactions and processes Organizational Auditing and Assurance in the Digital Age is an essential reference source that discusses challenges identifies opportunities and presents solutions in relation to issues in auditing information systems auditing and assurance services and provides best practices for ensuring accountability accuracy and transparency Featuring research on topics such as forensic auditing financial services and corporate governance this book is ideally designed for internal and external auditors assurance providers managers risk managers academicians professionals and students

Continuous Auditing with AI in the Public Sector Lourens J. Erasmus,Sezer Bozkus Kahyaoğlu,2024-09-18 The effectiveness of internal audit activities is important for the sustainability of change in the public sector In this sense the tools and techniques used and the level of competencies of public sector auditors are decisive This book deals with the effects of current technological developments in the public sector on auditing and risk management activities Therefore it is a resource for public internal auditors to create a digital audit strategy based on artificial intelligence AI and blockchain based applications Institutionalisation of their structures is important for public sector internal auditors For this basic requirements future expectations and best practices are explained The digital business model is presented to produce value added audit findings and outputs that guide public internal auditors and all digital era stakeholders This book is a pioneering work based on continuous auditing continuous monitoring approaches using various AI and blockchain based tools and techniques There is nothing more valuable to the success of a public internal auditor than a detailed understanding of the business The important lesson in developing business knowledge especially in the new audit universe emerging with digital transformation is that all auditors must understand that they never finish learning about business processes risks and control points in the digital era They must constantly push themselves to be motivated and learn about the business operations they audit to implement new audit approaches powered by AI In addition to obtaining up to date business information from process owners and stakeholders public auditors responsible for conducting an AI based continuous audit programme should also look inside their departments for a different perspective on business information that impacts continuous audit programme phase details and has the potential to add value It should be noted that the additional source of information begins with your individual audit experience digital skills and qualifications

Machine Learning Applications for Accounting Disclosure and Fraud Detection Papadakis, Stylianos,Garefalakis,

Alexandros, Lemonakis, Christos, Chimonaki, Christiana, Zopounidis, Constantin, 2020-10-02 The prediction of the valuation of the quality of firm accounting disclosure is an emerging economic problem that has not been adequately analyzed in the relevant economic literature While there are a plethora of machine learning methods and algorithms that have been implemented in recent years in the field of economics that aim at creating predictive models for detecting business failure only a small amount of literature is provided towards the prediction of the actual financial performance of the business activity Machine Learning Applications for Accounting Disclosure and Fraud Detection is a crucial reference work that uses machine learning techniques in accounting disclosure and identifies methodological aspects revealing the deployment of fraudulent behavior and fraud detection in the corporate environment The book applies machine learning models to identify quality characteristics in corporate accounting disclosure proposing specific tools for detecting core business fraud characteristics Covering topics that include data mining fraud governance detection and prevention and internal auditing this book is essential for accountants auditors managers fraud detection experts forensic accountants financial accountants IT specialists corporate finance experts business analysts academicians researchers and students *Research Handbook on Sustainability Reporting* Gunnar Rimmel, Güler Aras, Diogenis Baboukardos, Joanna Krasodomska, Christian Nielsen, Frank Schiemann, 2024-09-06 This insightful Research Handbook provides an overview of the complex and multifaceted nature of sustainability reporting Bringing together over 50 researchers from across the globe it summarises the current state of knowledge identifies key methodological approaches and research gaps and encourages researchers to make further meaningful contributions to this dynamic field **Regulations and Applications of Ethics in Business Practice** Jing Bian, Kıymet Tunca Çahyurt, 2018-06-29 This book presents a variety of discussions from different countries about regulations and applications of ethics in business practice It demonstrates how Ethics both in the world of business and in academic life is consistently a central and unavoidable issue that institutions must devise new regulations on a regular basis to address Given that applying such regulations becomes complicated in a global business landscape and that International companies have lost large amounts of revenues due to fraudulent activities the book provides insights for professionals in business world to teach learn apply measure and report on companies daily business Business and Professional Ethics Theories Standards and Analysis is essential reading for researchers and students in business schools around the world *The Internal Auditor*, 1985 **Essential Texts on International and European Criminal Law** Gert Vermeulen, 2012 This volume comprises the principal policy documents and multilateral legal instruments on international and European criminal law with a special focus on Europol and Eurojust as well as on initiatives aimed at combating international or organized crime or terrorism The texts have been ordered according to the multilateral co operation level within which they were drawn up either Prum the European Union comprising also Schengen related texts the Council of Europe or the United Nations Now in its seventh edition the book is meant to provide students as well as practitioners judicial and law enforcement authorities lawyers

researchers etc with essential accurate and up to date texts on these matters Kingdom of the Netherlands-Netherlands
International Monetary Fund,2011-04-19 The Netherlands has a long standing legal framework concerning Anti Money
Laundering and Combating the Financing of Terrorism preventive measures which dates back to 1993 The legal framework
for Customer Due Diligence is generally adequate however a number of provisions are problematic The Dutch system of
preventive measures emphasizes the risk based approach complemented by a principles based approach The principles based
approach should be better supported with guidance for financial institutions Although most elements of the Suspicious
Transaction Report reporting requirements are in place the reporting regime has one minor legal shortcoming and raises
effectiveness concerns **San Marino** International Monetary Fund,2010-10-20 Based on the request of the Central Bank
of San Marino CBSM an assessment of San Marino s compliance with the Basel Core Principles was undertaken in November
2009 in the context of the Financial Sector Assessment Program FSAP The mission followed the 2006 Core Principles
methodology The banking sector dominates the financial sector San Marino s macroeconomic policy is generally sustainable
San Marino has engaged in a substantial economic reform effort since 2005 to increase market discipline The CBSM should
address governance issues in banks **Spain** International Monetary Fund,2012-06-11 This paper assesses implementation
of the International Organization of Securities Commissions IOSCO objectives and principles of securities regulation in Spain
Spain exhibits a high level of implementation of principles The legal framework is robust and provides the Comisi n Nacional
de Valores CNMV with broad supervisory investigative and enforcement powers Arrangements for off site monitoring of
regulated entities are robust However some areas of supervision and enforcement require strengthening In particular the
CNMV should make more use of on site inspections for all types of investment service providers
