A Sportsman's Notebook Everyman's Library:

A Sportsman's Notebook Ivan Turgenev, 1992 This collection of stories Turgenev's first book which depicts the relationships of serfs and masters in 19th century Russia made the author famous while inspiring widespread indignation against the institution of serfdom

A Sportsman's Notebook Ivan Turgenev, 1992-03-10 Ivan Turgenev's first literary masterpiece is a sweeping portrayal of the magnificent nineteenth century Russian countryside and the harsh lives of those who inhabited it In a series of sketches a hunter wanders through the vast landscape of steppe and forest in search of game encountering a varied cast of peasants landlords bailiffs overseers horse traders and merchants He witnesses both feudal tyranny and the fatalistic submission of the tyrannized against a backdrop of the sublime and pitiless terrain of rural Russia These beautifully embellished evocative stories were not only universally popular with the reading public but through the influence they exerted on important members of the Tsarist bureaucracy contributed to the major political event of mid nineteenth century Russia the Great Emancipation of the serfs in 1861 Rarely has a book that offers such undiluted literary pleasure also been so strong a force for significant social change With an introduction by Ivan Turgenev this version was translated by Charles and Natasha Hepburn

A Sportsman's Notebook Ivan Turgenev, 2020-01-07 Twenty five beautifully written stories penned in exile evocatively depicting life on a manor in feudal Russia and examining the conflicts between serfs and landlords

A Sportsman's Notebook Ivan Turgenev's first literary masterpiece is a sweeping portrayal of the magnificent nineteenth century Russian countryside and the harsh lives of those who inhabited it In a powerful and gripping series of sketches a hunter wanders through the vast landscape of steppe and forest in search of game encountering a varied cast of peasants landlords bailiffs overseers horse traders and merchants He witnesses both feudal tyranny and the submission of the tyrannized against a backdrop of the sublime and pitiless terrain of rural Russia These exquisitely rendered stories now with a stirring introduction from Daniyal Mueenuddin were not only universally popular with the reading public but through the influence they exerted on important members of the Tsarist bureaucracy contributed to the major political event of mid nineteenth century Russia the Great Emancipation of the serfs in 1861 Rarely has a book that offers such undiluted literary pleasure also been so strong a force for significant social change one that continues to speak to readers centuries later

The Invention of Terrorism in Europe, Russia, and the United States Carola Dietze, 2021-07-20 This book examines key cases of terrorist violence to show that the invention of terrorism was linked to the birth of modernity in Europe Russia and the United States rather than to Tsarist despotism in 19th century Russia or to Islam sects in Medieval Persia Combining a highly readable historical narrative with analysis of larger issues in social and political history the author argues that the dissemination of news about terrorist violence was at the core of a strategy that aimed for political impact on rulers as well as the general public Dietze's lucid account also reveals how the spread of knowledge about terrorist acts was from the outset a transatlantic process Two incidents form the book's centerpiece The first is the failed attempt to

assassinate French Emperor Napoleon III by Felice Orsini in 1858 in an act intended to achieve Italian unity and democracy The second case study offers a new reading of John Brown's raid on the arsenal at Harpers Ferry in 1859 as a decisive moment in the abolitionist struggle and occurrences leading to the American Civil War Three further examples from Germany Russia and the US are scrutinized to trace the development of the tactic by first imitators With their acts of violence the invention of terrorism was completed Terrorism has existed as a tactic since then and has essentially only been adapted through the use of new technologies and methods

Sirens of the Western Shore Indra A. Levy, 2010 The cross fertilization of languages cultures and literary forms that produced modern Japanese literature also gave birth to a new literary archetype the Westernesque femme fatale an alluring figure who is ethnically Japanese but evokes the West in her physical appearance lifestyle behavior and use of language Tracing the genesis of this archetype from her first appearance in the vernacularist fiction of the late 1880s to her role in Naturalist fiction of the mid 1900s and her embodiment by the modern Japanese actress in the early 1910s *Sirens of the Western Shore* identifies the Westernesque femme fatale as the hallmark of an intertextual exoticism that prizes the strange beauty of modern Western writing By illuminating the exoticist impulses that informed this archetype Indra Levy offers a new understanding of the relationships between vernacular style and translation originality and imitation and writing and performance
