Senate. Committee on Energy and Natural Resources, 2006 *Logos and Psyche in the Phaedo* Jesse I. Bailey, 2018-01-19 This book offers an original interpretation and close reading of Plato's *Phaedo* focusing on the relation between logos and the soul in order to illuminate the ethical and political dimensions of philosophy as care of the soul Jesse I Bailey argues that the central issue of the dialogue is the relation between logos and the defining activity of the soul The soul in accord with logos gathers the multiplicity of phenomena into the intelligible wholes of experience This definitive activity also applies to the soul itself as the soul gathers itself to itself in logos Ethical living demands the development of a harmonious unity in the self through this activity Thus the book argues that the traditional pillars of Platonism the immortality of the soul and the Forms are presented not as fully developed theories to be accepted by the reader whole cloth but rather as provocations for thought **Family Law** John Dewar, Stephen Parker, 2003-04-14 This volume contains an edited selection of the papers by contributors from around the world delivered at the 10th World Conference of the International Society of Family Law The papers cover three broad themes innovations in processes for resolving and determining family disputes changing patterns in family and professional practices and the political and other pressures operating on family law systems and law reform processes
