Burger King Interview:

Burger King , *The Slave Next Door* Kevin Bales, Ron Soodalter, 2010-06-15 Describes the practice of human trafficking that exists in the United States in the present day **At the Edges of Citizenship** Kate Hepworth, 2016-04-22 Proposing a new dynamic conception of citizenship this book argues against understandings of citizenship as a collection of rights that can be either possessed or endowed and demonstrates it is an emergent condition that has temporal and spatial dimensions Furthermore citizenship is shown to be continually and contingently reconstituted through the struggles between those considered insiders and outsiders Significantly these struggles do not result in a clear division between citizens and non citizens but in a multiplicity of states that are at once included within and excluded from the political community These liminal states of citizenship are elaborated in relation to three specific forms of non citizenship the respectable illegal the intimate foreigner and the abject citizen Each of these modalities of citizenship corresponds to either the figure of the clandestino or the nomad as invoked in the 2008 Italian Security Package and a second set of laws commonly referred to as the Nomad Emergency Decree Exploring how this legislation affected and was negotiated by individuals and groups who were constituted as objects of security author Kate Hepworth focuses on the first hand experience of individuals deemed threats to the nation Situated within the field of human geography the book draws on literature from citizenship studies critical security studies and migration studies to show how processes of securitisation and irregularisation work to delimit between citizens and non citizens as well as between legitimate and illegitimate outsiders **Poor Worker's Unions** Vanessa Tait, 2016-04-26 Illuminates key connections between the social justice movements of the last fifty years and today's most innovative labor organizing *The Mastermind* Evan Ratliff, 2019-01-29 The incredible true story of the decade long quest to bring down Paul Le Roux the creator of a frighteningly powerful Internet enabled cartel who merged the ruthlessness of a drug lord with the technological savvy of a Silicon Valley entrepreneur A tour de force of shoe leather reporting undertaken amid threats and menacing at considerable personal risk Los Angeles Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review NPR Evening Standard Kirkus Reviews It all started as an online prescription drug network supplying hundreds of millions of dollars worth of painkillers to American customers It would not stop there Before long the business had turned into a sprawling multinational conglomerate engaged in almost every conceivable aspect of criminal mayhem Yachts carrying 100 million in cocaine Safe houses in Hong Kong filled with gold bars Shipments of methamphetamine from North Korea Weapons deals with Iran Mercenary armies in Somalia Teams of hit men in the Philippines Encryption programs so advanced that the government could not break them The man behind it all pulling the strings from a laptop in Manila was Paul Calder Le Roux a reclusive programmer turned criminal genius who could only exist in the networked world of the twenty first century and the kind of self made crime boss that American law enforcement had never imagined For half a decade DEA agents played a global game of cat and mouse with Le Roux as he

left terror and chaos in his wake Each time they came close he would slip away It would take relentless investigative work and a shocking betrayal from within his organization to catch him And when he was finally caught the story turned again as Le Roux struck a deal to bring down his own organization and the people he had once employed Award winning investigative journalist Evan Ratliff spent four years piecing together this intricate puzzle chasing Le Roux's empire and his shadowy henchmen around the world conducting hundreds of interviews and uncovering thousands of documents The result is a riveting unprecedented account of a crime boss built by and for the digital age Praise for The Mastermind The Mastermind is true crime at its most stark and vivid depiction Evan Ratliff's work is well done from beginning to end paralleling his investigative work with the work of the many federal agents developing the case against LeRoux San Francisco Book Review five stars A wholly engrossing story that joins the worlds of El Chapo and Edward Snowden both disturbing and memorable Kirkus Reviews starred review

Writing Free Irene Staunton,2011-09-01 In this fifth anthology of Zimbabwean short stories from Weaver Press fifteen writers respond to the topic of writing free and offer their thoughts about how and why they wrote as they did The stories reflect a wide variety of freedoms from tyranny from hunger from abuse from the shackles of tradition and even from the traditional constraints of narrative convention But there are cautionary tales too Political change may be liberating for the adults who suffered for it but will their children share in the euphoria of new found freedom Will a departure from domestic poverty to the calm waters of the diaspora deliver all that was hoped for it Is the grass always greener beyond the fence of a stifling marriage Zimbabwe has had more than its share of social and material deprivation in recent years and people's responses have taken many forms Writing Free offers an engaging and kaleidoscopic sample of these and in doing so gives an intimate portrait of a country in transition

The Masculinity Manifesto Ryan Michler,2022-09-27 Men are not the enemy and masculinity contrary to what much of popular culture would have you believe is the solution to what plagues individuals families and society as a whole Men have a moral obligation to lead themselves and others well Unfortunately much of society has bought into and perpetuated the misguided idea that men have become the enemy of all that is right and good in a virtuous and thriving society In short even the concept of a Patriarch which is simply the male leader of a home organization or community has become taboo and masculinity itself has been written off as a toxic and destructive force In The Masculinity Manifesto author and podcaster Ryan Michler focuses on how a man can wield his power and lead others well with influence credibility and authority Ryan refuses to accept the gradual and intentional decay of masculinity instead he chooses to tackle the questions others are afraid to address The Masculinity Manifesto empowers men to find true purpose and fulfillment by taking responsibility for their lives and serving others A man who exercises his responsibility to lead himself and others well is not to be feared undermined or rejected but embraced respected and honored Men after all aren't the enemy and masculinity contrary to what much of what popular culture would have you believe is the solution to what plagues individuals families and society as a whole

tarnishes the value of his name by allowing anyone with a big enough check to use it and cheats the television producer who not only rescues him from bankruptcy but casts him as a business savant the public image that will carry him to the White House A masterpiece of narrative reporting Lucky Loser is a meticulous examination spanning nearly a century filled with scoops from Trump Tower Mar a Lago Atlantic City and the set of The Apprentice At a moment when Trump's tether to success and power is more precarious than ever here for the first time is the definitive true accounting of Trump and his money what he had what he lost and what he has left and the final word on the myth of Trump the self made billionaire
