Burning Your Boats The Collected Short Stories:

Burning Your Boats Angela Carter, 1997-08-01 One of our most imaginative and accomplished writers Angela Carter left behind a dazzling array of work essays criticism and fiction But it is in her short stories that her extraordinary talents as a fabulist feminist social critic and weaver of tales are most penetratingly evident This volume presents Carter's considerable legacy of short fiction gathered from published books and includes early and previously unpublished stories From reflections on jazz and Japan through vigorous refashionings of classic folklore and fairy tales to stunning snapshots of modern life in all its tawdry glory we are able to chart the evolution of Carter's marvelous magical vision *Burning Your Boats* Angela Carter, 1995 As well as her eight novels Angela Carter published four wonderful collections of short stories during her lifetime and contributed stories to several anthologies The stories were scattered amongst different publishers and a couple of the volumes are now out of print In **BURNING YOUR BOATS** they are gathered together for the first time this is a key collection and a major event for Angela Carter aficionados It brings some important work back into print including **THE BLOODY CHAMBER** her seminal collection of fairytales in which she rewrote stories such as Little Red Riding Hood and Beauty and the Beast in her characteristically subversive earthy way This publication in 1995 will begin a major Angela Carter promotion a celebration of the publication of her **Collected Works** and a major push for the back list with an order form for all of the Chatto Vintage and Virago titles This enticing fat volume of Carter's surprising and inventive stories will be one of the most exciting events in the promotion *Burning Your Boats* Angela Carter, 1996 **Burning Your Boats** Angela Carter, 1998 This comprehensive collection including stories written as early as 1962 shows Angela Carter at her most adventurous From early reflections on jazz and Japan through vigorous refashionings of vampires and werewolves to imaginative snapshots of real life outcasts and the glorious but tainted world of Hollywood she combines her wild imagination with a fierce and uncompromising approach *Heterotopia in Angela Carter's Fiction: Worlds in Collision* Eliza Claudia Filimon, 2014 Angela Carter's work is a collage of discourses and genres The challenge of finding a critical framework complex and accurate enough to classify her work has remained The spectacular and the pragmatic threads of her texts framed by extreme seriousness and witty humour are unravelled with the help of a different metaphor denoting enigmatic spaces counterdiscourses borders of otherness heterotopia Five novels out of nine five short stories out of thirty five as well as Carter's two film adaptations are filtered through a term extricated from its medical and geographical roots which emphasizes the ambiguity as well as the dialogic interaction of Angela Carter's often discordant discourses that have kept her at the top of the literary canon **Angela Carter: New Critical Readings** Sonya Andermahr, Lawrence Phillips, 2012-08-09 Bringing together leading international scholars of contemporary fiction and modern women writers this book provides authoritative new critical readings of Angela Carter's work from a variety of innovative theoretical and disciplinary approaches *Angela Carter New Critical Readings* both evaluates Carter's legacy as feminist provocateur and

postmodern stylist and broaches new ground in considering Carter as variously a poet and a naturalist Including coverage of Carter s earliest writings and her journalism as well as her more widely studied novels short stories and dramatic works the book covers such topics as rescripting the canon surrealism and Carter s poetics **Angela Carter and Surrealism** Anna Watz,2016-07-15 In 1972 Angela Carter translated Xavi re Gauthier s ground breaking feminist critique of the surrealist movement *Surr alisme et sexualit* 1971 Although the translation was never published the project at once confirmed and consolidated Carter s previous interest in surrealism representation gender and desire and aided her formulation of a new surrealist feminist aesthetic Carter s sustained engagement with surrealist aesthetics and politics as well as surrealist scholarship aptly demonstrates what is at stake for feminism at the intersection of avant garde aesthetics and the representation of women and female desire Drawing on previously unexplored archival material such as typescripts journals and letters Anna Watz s study is the first to trace the full extent to which Carter s writing was influenced by the surrealist movement and its critical heritage Watz s book is an important contribution to scholarship on Angela Carter as well as to contemporary feminist debates on surrealism and will appeal to scholars across the fields of contemporary British fiction feminism and literary and visual surrealism **Angela Carter's Pyrotechnics** Charlotte Crofts,Marie Mulvey-Roberts,2022-01-13 Representing a shift in Carter studies for the 21st century this book critically explores her legacy and showcases the current state of Angela Carter scholarship It gives new insights into Carter s pyrotechnic creativity and pays tribute to her incendiary imagination in a reappraisal of Angela Carter s work her influences and influence Drawing attention to the highly constructed artifice of Angela Carter s work it brings to the fore her lesser known collection of short stories *Fireworks Nine Profane Pieces* to reposition her as more than just the author of *The Bloody Chamber* On the way it also explores the impact of her experiences living in Japan in the light of Edmund Gordon s 2016 biography and Natsumi Ikoma s translation of Sozo Araki s Japanese memoirs of Carter **Metaphors of Confinement** Monika Fludernik,2019-08-13 *Metaphors of Confinement The Prison in Fact Fiction and Fantasy* offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of im prison ment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected

carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods *Fantasies of Gender and the Witch in Feminist Theory and Literature* Justyna Sempruch, 2008-03-01 In *Fantasies of Gender and the Witch in Feminist Theory and Literature* Justyna Sempruch analyzes contemporary representations of the witch as a locus for the cultural negotiation of genders Sempruch revisits some of the most prominent traits in past and current perceptions in feminist scholarship of exclusion and difference She examines a selection of twentieth century US American Canadian and European narratives to reveal the continued political relevance of metaphors sustained in the archetype of the witch widely thought to belong to pop cultural or folkloristic formulations of the past Through a critical rereading of the feminist texts engaging with these metaphors Sempruch develops a new concept of the witch one that challenges traditional gender biased theories linking it either to a malevolent hag on the margins of culture or to unrestrained feminine sexual desire Sempruch turns instead to the causes for radical feminist critique of feminine sexuality as a fabrication of logocentric thinking and shows that the problematic conversion of the hag into a superwoman can be interpreted today as a therapeutic performance translating fixed identity into a site of continuous negotiation of the subject in process Tracing the development of feminist constructs of the witch from 1970s radical texts to the present Sempruch explores the early psychoanalytical writings of Cixous Kristeva and Irigaray and feminist reformulations of identity by Butler and Braidotti with fictional texts from different political and cultural contexts
