Missionary Methods Craig Ott, J.D. Payne, 2013-06-15 One hundred years ago Roland Allen authored his landmark study Missionary Methods St Paul's or Ours The 2012 annual conference of the Evangelical Missiological Society celebrated this centennial by addressing this ever relevant topic The present volume brings to readers insights from that conference examining the theological foundations historical precedence and practical challenges regarding missionary methods Missiologists missionary practitioners and strategic leaders alike will benefit from these essays which give fresh perspective on methods for fulfilling the Great Commission in our day

The Yes Effect Luis Bush, 2017-09-05 From the missions strategist behind The 10/40 Window In 1990 Luis Bush helped change modern missions by introducing the concept of the 10/40 window a geographic region where large dense populations of people suffered severe poverty and limited access to the gospel essentially shining a light on the world's greatest need Now after decades spent serving in global missions mobilization Luis has a unique perspective on what God is doing around the world Though statistics and maps can be a great place to start The Yes Effect reveals that true transformation begins when we restart our hearts getting in sync with God's tenderness toward the oppressed and regaining compassion for the lost In The Yes Effect Dr Bush shares his own story as well as inspiring stories of individuals and organizations around the world whose acts of love and justice are bringing hope and transformation in places of misery and immobility From the orphans weeping in Bihar India to garbage collectors in Cairo Egypt from the single mom trying to find a way to feed her family as a Syrian refugee to the church cowering under government control God is at work in surprising places And this transformation is sparked when ordinary people say yes to God igniting an ongoing global chain reaction that sees glimpses of God's kingdom springing up all over the world Ultimately The Yes Effect will give you an encouraging window into worldwide efforts to spread the gospel and it will inspire you to give God your yes and like so many others before you become part of God's global story of transformation

Reflecting God's Glory Together A. Scott Moreau, Beth Snodderly, 2011-09-15 The true story of mission has been deeper wider and far more diverse than many Christians in

countries with long histories of church presence have realized The authors in *Reflecting God's Glory Together: Diversity in Evangelical Mission* drive that point home in a variety of ways From Filipino and Ghanaian missionary work in North American cities to Canadian work among the Chinese diaspora to African American work in Zimbabwe the authors help us begin to grasp just how many ways evangelicals in mission are truly going from and coming to everywhere as they follow Christ's mandate to reach the nations Diverse voices utilizing diverse strategies pursuing a common call these result in a mosaic whose larger pattern glorifies the God who came to live among us and who continues to send us out in the pattern God so clearly established As editors Beth and Scott invite you to explore the stories embedded in that marvelous mosaic that we have been privileged to collect for this volume *Introduction to Missiological Research Design* Edgar J.

Elliston, 2011-06-27 Edgar Elliston's *Introduction to Missiological Research Design* outlines the basic issues of research design for missiological and church related research This book describes the logic of the research process for a wide range of missiological research Whether this research is from a single academic discipline or a multidisciplinary approach this text will provide relevant guidelines for the design Elliston provides instruction examples and exercises for inexperienced but serious researchers as they seek to design research that will serve the Church in mission Elliston also provides experienced researchers with checklists and easy to review tables to further aid in research design This text raises some of the key issues to designing research in a multicultural or cross cultural context and guides researchers toward ethical and effective study

Renewing the Church by the Spirit Amos Yong, 2020-11-03 In most parts of the world and especially where Christianity is flourishing Pentecostal and charismatic movements predominate What would it look like for the Western world beset by the narrative of decline to participate in this global Spirit driven movement According to Amos Yong it all needs to start with the way we approach theological education *Renewing the Church by the Spirit* makes the case for elevating pneumatology in Christian life allowing the Spirit to reinvigorate church and mission Yong shows how this approach would attend to both the rapidly deinstitutionalizing forms of twenty first century Christianity and the pressing need for authentic spiritual experiences that marks contemporary religious life He begins with a broad assessment of our postmodern post Enlightenment post Christendom ecclesial context before moving into a detailed outline of how a Spirit filled approach to theological education its curriculum pedagogy and scholarship can meet the ecclesial and missional demands of this new age
