Adobe Premiere Elements 11 Classroom in a Book Adobe Creative Team, 2012-10-19 Adobe Premiere Elements 11 Classroom in a Book is the most thorough and comprehensive way for you to master all the new features in Adobe's top rated consumer targeted video editing software. Each chapter in this step by step project based guide contains a project that builds on your growing knowledge of the program while end of chapter review questions reinforce each lesson. You will learn the basics of editing your videos with Premiere Elements and learn how best to use the program's many new features. In this new version of the book you will receive complete coverage of all the new features and rebuilt interface of Adobe Premiere Elements 11. Learn about the three easy to use editing modes and determine which one best fits your needs. Manage your footage more easily with the newly updated Organizer and view your videos on a map according to where they were taken. Use the new FilmLooks feature to apply favorite cinematic styles to your clips. Add slow or fast motion effects to dramatize your narrative. Adjust color with greater ease and enhance your footage with new photo blending techniques. Share your finished movies virtually anywhere you want including Vimeo, Facebook and YouTube. Note from the Publisher: Regrettably the file named Greenscreen.mov in the Lesson 6 folder on the companion disc is corrupt. However that same file is included multiple times on the disc in lessons 7, 8, 9 and 10 so please copy a file from any of these folders into the lesson06 folder on your hard drive copying over the existing file and the exercise should load normally. We apologize in advance for any inconvenience.

Adobe Premiere Elements For Dummies Keith Underdahl, 2004-10-28 Adobe Premiere Elements offers amateur and home moviemakers the opportunity to work with editing tools as powerful as those packed into Adobe Premiere Pro, one of the top tools on the market. Adobe Premiere Elements For Dummies offers these same users not only a guide through all the how to steps of using the software but also a valuable reference on how to best apply the tools to a great video project. Author Keith Underdahl, also author of *Adobe Premiere Pro For Dummies*, is an experienced video editor who understands what new Premiere users need to know and how to best explain the topics. In this book Keith describes best practices for shooting quality video. Picking the clips you want to keep and getting them into your computer. How to use Premiere Elements editing tools to add an opening credits page, transitions between clips, sound, music and ending credits. Adding special effects using only computer trickery. Putting your finished project on a DVD videotape or the Internet. Covering more ground than the typical expanded users manuals you find in bookstores, *Adobe Premiere Elements For Dummies* is the book you need to get you through your first video editing project as well as to return to whenever you hit rough spots and need instant help.
