Alice Neel: People Come First Kelly Baum, Randall Griffey, Meredith A. Brown, Julia Bryan-Wilson, Susanna V. Temkin, 2021-03-15 For me people come first Alice Neel 1900 1984 declared in 1950 I have tried to assert the dignity and eternal importance of the human being This ambitious publication surveys Neel's nearly 70 year career through the lens of her radical humanism Remarkable portraits of victims of the Great Depression fellow residents of Spanish Harlem leaders of

political organizations queer artists visibly pregnant women and members of New York's global diaspora reveal that Neel viewed humanism as both a political and philosophical ideal. In addition to these paintings of famous and unknown sitters, the more than 100 works highlighted include Neel's emotionally charged cityscapes and still lifes as well as the artist's erotic pastels and watercolors. Essays tackle Neel's portrayal of LGBTQ subjects, her unique aesthetic language which merged abstraction and figuration, and her commitment to progressive politics, civil rights, feminism, and racial diversity. The authors also explore Neel's highly personal preoccupations with death, illness, and motherhood while reasserting her place in the broader cultural history of the 20th century.

The Art of the Sister Chapel Andrew Hottle, 2017-07-05

The Sister Chapel 1974-78 was an important collaborative installation that materialized at the height of the women's art movement. Conceived as a nonhierarchical secular commemoration of female role models, The Sister Chapel consisted of an eighteen-foot abstract ceiling that hung above a circular arrangement of eleven monumental canvases, each depicting the standing figure of a heroic woman. The choice of subject was left entirely to the creator of each work. As a result, the paintings formed a visually cohesive group without compromising the individuality of the artists. Contemporary and historical women deities and conceptual figures were portrayed by distinguished New York painters Alice Neel, May Stevens, and Sylvia Sleigh, as well as their accomplished but less prominent colleagues. Among the role models depicted were Artemisia Gentileschi, Frida Kahlo, Betty Friedan, Joan of Arc, and a female incarnation of God. Although last exhibited in 1980, The Sister Chapel has lingered in the minds of art historians who continue to note its significance as an exemplar of feminist collaboration. Based on previously unpublished archival materials and featuring dozens of rarely seen works of art, this comprehensive study details the fascinating history of The Sister Chapel, its constituent paintings, and its ambitious creators.

Alice Neel Phoebe Hoban, 2010-12-07

Alice Neel liked to say that she was the century, and in many ways she was. She was born into a proper Victorian family and came of age during suffrage. The quintessential Bohemian, she spent more than half a century from her early days as a WPA artist living in the heart of the Village through her Whitney retrospective in 1974 until her death ten years later, painting often in near obscurity an extraordinarily diverse population: from young Black sisters in Harlem to the elderly Jewish twin artists Raphael and Moses Soyer; to Meyer Schapiro and Linus Pauling; to the American Communist Party chairman Gus Hall, creating an indelible portrait of 20th-century America. Neel's hundreds of portraits portray a universe of powerful personalities and document an age Neel painted through: the Depression, McCarthyism, the Civil Rights Movement, the sexual revolution of the 60s, feminism, and the feverish eighties. Fiercely democratic in her subjects, she portrayed her lovers, her children, her neighbors in Spanish Harlem, pregnant nudes, crazy people, and famous figures in the art world, all in a searing psychological style, uniquely her own. From Village legend Joe Gould with multiple penises to Frank O'Hara as a lyrical young poet from porn star Annie Sprinkle gussied up in leather to her own anxious nude pregnant daughter-in-law, Neel's portraits are as arrestingly executed as they are relentlessly honest. In this first full-length biography of Neel, best

selling author Phoebe Hoban recounts the remarkable story of Neel's life and career as full of Sturm and Drang as the century she powerfully captured in paint. Neel managed to transcend her often tragic circumstances surviving the death from diphtheria of her infant daughter Santillana, her first child, by the renowned Cuban painter Carlos Enriquez with whom she lived in Havana for a year before returning to America, the break up of her marriage, a nervous breakdown at thirty resulting in several suicide attempts for which she was institutionalized and the terrible separation from her second child Isabetta whom Carlos took back to Havana. In every aspect of her life Neel dictated her own terms from defiantly painting figurative pieces at the height of Abstract Expressionism, convincing her subjects to disrobe, which many of them did, including surprisingly Andy Warhol, to becoming a single mother to the two sons she bore to dramatically different partners. No wonder she became the de facto artist of the Feminist movement. When Time magazine put Kate Millet on its cover in 1970, she was asked to paint the portrait. Very much in touch with her time, Neel was also always ahead of it. Although she herself would probably have rejected such label, she was America's first feminist multicultural artist, a populist painter for the ages. Phoebe Hoban's *Alice Neel: The Art of Not Sitting Pretty* tells the unforgettable story of a woman who forged a permanent place in the pantheon by courageously flaunting convention both in her life and her work. *Hold On* Peter Toohey, 2020-05-12

What do you do when you're not asleep and not eating? You're most likely waiting to finish work to get home to finish your duties. This book aims to describe how many people experience waiting and how important this is in popular and highbrow culture and in real life and how we cope with it. **"How Come Boys Get to Keep Their Noses?"** Tahneer Oksman, 2016-02-16

American comics reflect the distinct sensibilities and experiences of the Jewish American men who played an outsized role in creating them, but what about the contributions of Jewish women? Focusing on the visionary work of seven contemporary female Jewish cartoonists, Tahneer Oksman draws a remarkable connection between innovations in modes of graphic storytelling and the unstable, contradictory, and ambiguous figurations of the Jewish self in the postmodern era. Oksman isolates the dynamic Jewishness that connects each frame in the autobiographical comics of Aline Kominsky Crumb, Vanessa Davis, Miss Lasko, Gross, Lauren Weinstein, Sarah Glidden, Miriam Libicki, and Liana Finck. Rooted in a conception of identity based as much on rebellion as identification and belonging, these artists' representations of Jewishness take shape in the spaces between how we see ourselves and how others see us. They experiment with different representations and affiliations without forgetting that identity ties the self to others. Stemming from Kominsky Crumb's iconic 1989 comic *Nose Job* in which her alter ego refuses to assimilate through cosmetic surgery, Oksman's study is an arresting exploration of invention in the face of the pressure to disappear.
