The Millennial Mentality Elan M. Carson, 2016-02-10 Millennials have heard all of the cultural criticisms and backlash we are bemoaned: a generation of entitlement and nicknamed monikers such as Gen Why, Internet Generation, MyPod Generation, and the Boomerang Generation. As a Millennial, I can tell you that yes, our value systems have changed, our beliefs have expanded to be more inclusive, and our career goals have shifted to prioritize happiness and self-fulfillment over workplace cubicles in gray-scale offices. We may not be homeowners with 2.5 children grasping mid-rung on a corporate ladder, but we are cat owners, and we are adaptable to change creatively, crowdfunding ways to support our projects and goals. In this book, learn about the mentality of Millennials and where we stand when it comes to racism, LGBT rights, body image, and other divisive issues, all while surviving as delayed adults.

25 Lies Twentysomethings Need to Stop Believing Paul Angone, 2021-03-02 Your twenties are your defining decade, the time in which you are setting the course for the rest of your life. If you don't want to look back later and realize you ended up somewhere you never intended to go in the first place, how do you block out all the lies, half-truths, and supposed-to-s constantly assaulting you from articles, social media posts, and well-meaning friends and family? How do you find something real, something true, something infused with purpose and meaning? Funny, vulnerable, and to the point, this book exposes the false beliefs that can derail your current happiness and future impact. Like having big dreams is naive, success just happens, everyone else is experiencing the success you were supposed to, when you fail, you're a failure, and many more. This story-driven book shows you that you're not alone in your insecurities and second-guessing, then shows you how to replace the lies with the truth that you can live a life of purpose, earn a good paycheck, leave a legacy, and have fun doing it.
