David Bauscher, 2014-07-13 This is a translation 8th edition 2013 of The Aramaic New Testament Aramaic was the language of Jesus and his countrymen of 1st century Israel in a literal English prose translation of The Peshitta New Testament A translation of the Psalms Proverbs from the ancient Peshitta OT Version is included at the end Aramaic was the language of the Jews in Israel the Middle East and in Europe from the 6th century BC and afterward until the Muslim conquests of the 7th century AD This translation is derived from the author's Aramaic English Interlinear New Testament and The Psalms Proverbs interlinear Aramaic was used in Mel Gibson's film The Passion of the Christ to make the film as realistic and accurate as possible This New Testament will surprise and thrill the reader with its power and inspiration coming from the words of Yeshua Jesus in ancient Aramaic as He originally spoke them in a literal and readable English rendering 389 pages 8 x 11 paperback in Large Print Analytical-Literal Translation: Devotional Version Gary F. Zeolla, 2012-03-16 The Analytical Literal Translation of the New Testament Devotional Version ALTD is derived from the Analytical Literal Translation of the New Testament Third Edition ALT3 The purpose of the ALTD is to provide a translation of the Greek New Testament that will enable the reader to come as close to the Greek text as possible without having to be proficient in Greek And the name of the ALTD reflects this purpose Literal refers to the fact that the ALTD is a word for word translation All words in the original text are translated nothing is omitted The original grammar of the text is retained as much as possible Any words added for clarity are bracketed so nothing is added without it being indicated as

such Analytical refers to the detailed analysis done on the grammar of the text The grammar is then translated in a way which brings out nuances of the original text that are often missed in traditional translations In addition analytical refers to the aids that are included in 4 300 footnotes which enable the reader to analyze and understand the text Such information includes the following 1 Alternative translations for words and phrases 2 Possible figurative meanings or paraphrases of words and phrases 3 Modern day equivalents for measurement and monetary units and time designations 4 Explanatory notes 5 References for Old Testament quotations and other cross references The main difference between ALTD and ALT3 is that in this version the above analytical information is footnoted while in ALT3 such information was included within brackets within the text That made the information readily available but it made the text awkward to read and to quote from By putting this information in footnotes the ALTD is a much easier to read version Also on rare occasions when the literal translation is excessively awkward or hard to understand it is footnoted and a figurative or less literal rendering is used in the text to make the ALTD more readable When this is done the literal translation is footnoted The occasions when this is done are few and far between and with the literal translation being footnoted the ALTD is still a very literal translation of the New Testament With being both a literal and a readable version the ALTD is the ideal Bible version for reading the Bible in both a study and a devotional manner It is also ideal for public reading quoting or for the person new to the Bible

The Complete Kakoulides New Testament 3rd Edition Harris Kakoulides , 3rd Edition Preface It appears that this project needed more work including a typo that needed correcting But while making this correction I also added more notes Added some maps and a illustration of the Temple for Acts worked a little more on the translation and lastly added a few extra ancient sources It is my hope this would be the last edition **Unity** ,1901 **Normal Instructor** ,1906 *The Oberlin Evangelist* ,1844 **Farm Machinery and Hardware** ,1924
