Kiss Your Money Hello! Bill Hines, 2023-04-19 It's here. Your guide to a financially independent life, no more money stress. This book is a complete, modern, comprehensive guide to your personal finance life. It's the key to never having to go to a job you detest, to living every day on your own terms. Why this book? Right now you may be browsing a few personal finance books in a library, bookstore, or even online. Why this one? Is it worth a couple of dollars and hours of your time? Here's why I've read the others: Almost every book was someone telling their own personal rags to riches tale. That's admirable, but the likelihood that it's even close to you and your personal situation is quite remote. What worked for them will probably not work for you. Everyone is different, every situation is unique. Some assume their readers all want to be mega rich. In my experience, most people just want to be happy without money stress and have a good, fun, comfortable life. That said, if you want to be rich, I'll show you how to do that, too. So get to the point, Bill, why this one? Because this book is based on my experience as a financial counselor, investment advisor, and financial planner. This book is a user manual for your money. No matter who you are, there is plenty for you. We cover FIRE, Financial Independence, Retire Early. This book is the way to financial peace, to relieving the number one stressor in our lives and relationships. It's the guide to living every day on your own terms and never having to go to a job you no longer love, of never having to miss those important life events because work. I'll keep it short and simple, just the way your personal finances should be. The first word of the title is no coincidence. KISS also means Keep It Simple, Silly. Maybe I'll even make you laugh once or twice. Your household is a mini business; only you measure success in happy, not some corporate financial metric. I'm not going to guilt trip you about buying a latte. I'm going to convince you that doing the right things now, getting over the hump in a short period, means buying all the lattes and new cars you want with cash, not credit, for the rest of your life. Those lattes will taste so much better, and you'll enjoy the ride more in a car you own, not the bank. You'll watch the former car payment money grow like weeds in your investment accounts. Can you trust me? Yes, you can. I've helped countless people, and I want you to do well. I want you to be happy and enjoy this one life we get as far as we know. This book is for you. This is
