

The background of the entire image is a dark, deep blue to black, representing the ocean. It is filled with numerous small, glowing white and blue dots, resembling stars or distant galaxies. Scattered throughout are various forms of bioluminescent microbial life. In the upper left, there's a cluster of small, yellowish-green dots. In the lower left, a large, circular organism with a bright green center and a ring of yellow dots is visible. To its right, another circular organism with a green center and radiating blue lines is shown. In the upper right, there are long, thin, green, thread-like structures. The overall effect is one of a vast, mysterious, and teeming underwater world.
