Alien Abductions Ufo :

Close Encounters Of The Fourth Kind C.D.B. Bryan, 2011-11-02 Close Encounters of the Fourth Kind cases in which personal contact between an individual or individuals is initiated by the occupants of the spacecraft. Such contact may involve the transportation of the individual from his or her terrestrial surroundings into the spacecraft where the individual is communicated with and or subjected to an examination before being returned. One might expect that a scientific conference devoted to people who have reported being kidnapped by little green men would be dismissed out of hand. But C D B Bryan the greatly admired journalist and author of *Friendly Fire* did not dismiss it. The conference was to be held at the Massachusetts Institute of Technology and would have as its chairmen a Pulitzer Prize winning Harvard psychiatry professor and a professor of physics from M I T. Bryan attended the conference throughout its five days. He approached the subject with no prior stand, no agenda and an open if slightly skeptical mind. As the conference progressed he was astonished by the quality of the stories told by the hundreds of men and women who came forward hesitantly and reluctantly with their utterly amazing and utterly convincing accounts of having been abducted and then examined aboard extraterrestrial spacecraft by spindly limbed telepathic gray creatures with outsized foreheads dominated by huge compelling tear shaped black eyes. What most astonished Bryan were the similarities found again and again in these accounts and the consistency of their details. It is here that the heart of the mystery lies as the Harvard professor John E Mack asked at the conference. If what the abductees are saying isn't happening to them then what is? This question and the possible answers are at the center of this richly explicit serious and riveting book. Bryan recreates the conference. He interviews ufology's most prominent psychiatrists, psychologists, hypnotherapists, researchers, physicists, physicians and folklorists. He interweaves throughout the testimony of the abductees themselves who tell us their stories in chilling detail. He presents in depth the Close Encounter experiences of two women whose stories he tells on the basis of both their spontaneous recollections of the events and their memories that were retrieved through sessions of hypnosis of which Bryan himself was a witness. Finally Bryan examines the current theories, psychological, psychiatric, medical, parapsychological that have been put forward by the unconvinced to explain the abduction phenomenon. Are the abductees suffering from some sort of false memory syndrome, a multiple or dissociative personality disorder? Are they fantasy prone? *Close Encounters of the Fourth Kind* is a detailed, objective exploration, the most concrete to date of one of the enduring and amazing mysteries of our time. It is a book that will equally fascinate believers and nonbelievers.

Captured by Aliens? Nigel Watson, 2020-05-22 New Hampshire couple Betty and Barney Hill provided Americans with what is essentially the original alien abduction story. Since their story became public in the early 1960s, many thousands of Americans have likewise come forward with similar stories of traumatic experiences. Sometimes the abductee has little conscious recollection of these events but through nightmares, dreams, flashbacks and hypnosis they eventually learn more. Sometimes the participants are bewildered. To get a better understanding of the opposing viewpoints of skeptic

and believer the Betty and Barney Hill case is used to examine the wider context of such encounters their historical origins media influences and the latest extraterrestrial psychological paranormal conspiracy and sociological theories that surround them

Secret Life David M. Jacobs, 1993-04-16 Revealing and unsettling interviews with over sixty real life individuals who claim they were abducted by aliens from the author of *The UFO Controversy in America* In *Secret Life* retired professor David M Jacobs takes us into the private world of those abducted by aliens letting them describe in their own words what it is like to be abducted Based on interviews with sixty individuals and more than 300 independently corroborated accounts *Secret Life* presents the most complete and accurate picture of alien abductions ever compiled Dr Jacobs takes the reader on a minute by minute journey through a typical abduction experience and describes in detail the bizarre physical mental and reproductive procedures that abductees claim have been administered by small alien beings Jacobs draws from these interviews a profoundly unsettling reason behind the abductions aliens are conducting a complex reproductive experiment involving the conception gestation or incubation of human and alien hybrid beings

Alien Abductions Terry Matheson, 1998-11-01 Extraterrestrials regularly abduct humans from Earth often performing bizarre surgeries and experiments on their subjects according to the popular and profitable nonfiction offered by major publishing houses Books by John Fuller Budd Hopkins David Jacobs Whitley Strieber and others have helped shape contemporary belief in alien beings Science fiction scholar Terry Matheson reveals that the alien abduction literary genre has been a part of our history for decades but was never taken seriously until recent times He explains that traditional aliens were friendly or merely curious quite different from today's ugly fierce sinister creatures Abduction narratives and individual accounts have evolved and changed and the new aliens seem to symbolize growing fears that our technology is out of control Actual accounts from abduction victims and evidence collected Matheson stresses are often greatly enhanced by the bestselling authors who market the stories or are directly linked to well known fantasy and sci fi films released or broadcast prior to the alleged abductions *Alien Abductions* also draws a parallel to the way societal myths are made and that in these narratives we see a new myth in the making
