Alive And Killing David Wolf Volume 3:

Alive and Killing Jeff Carson, 2013-12-04 Unfortunately his instincts are spot on and Wolf is forced into action with the last person he wants by his side in a deadly battle his only son

Alive and Killing Jeff Carson, 2023-11-29 Colorado Sheriff David Wolf is pulled into a deadly web with the last person he wants to put into danger his teenaged son

Video Source Book, 2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction

Vicious Jon T. Coleman, 2008-10-01 Over a continent and three centuries American livestock owners destroyed wolves to protect the beasts that supplied them with food clothing mobility and wealth The brutality of the campaign soon exceeded wolves misdeeds Wolves menaced property not people but storytellers often depicted the animals as ravenous threats to human safety Subjects of nightmares and legends wolves fell prey not only to Americans thirst for land and resources but also to their deeper anxieties about the untamed frontier Now Americans study and protect wolves and jail hunters who shoot them without authorization Wolves have become the poster beasts of the great American wilderness and the federal government has paid millions of dollars to reintroduce them to scenic habitats like Yellowstone National Park Why did Americans hate wolves for centuries And given the ferocity of this loathing why are Americans now so protective of the animals In this ambitious history of wolves in America and of the humans who have hated and then loved them Jon Coleman investigates a fraught relationship between two species and uncovers striking similarities deadly differences and all too frequently tragic misunderstanding

Wolfish Erica Berry, 2023-02-21 For fans of Helen MacDonald's *H* is for Hawk and Mary Roach Erica Berry's *WOLFISH* blends science history and cultural criticism in a years long journey to understand our myths about wolves and track one legendary wolf OR 7 from the Wallowa Mountains of Oregon OREGON BOOK AWARD WINNER Shortlisted for the 2024 Pacific Northwest Book Award A Most Anticipated Book of 2023 TIME Los Angeles Times Vulture Salon Bustle The Rumpus Financial Times Reader's Digest LitHub Book Riot Debutiful and more Exhilarating The Washington Post *Wolfish* starts with a single wolf and spirals through nuanced investigations of fear gender violence and story A GORGEOUS achievement Blair Braverman author of *Welcome to the Goddamn Ice Cube* This is one of those stories that begins with a female body Hers was crumpled roadside in the ash colored slush between asphalt and snowbank So begins Erica Berry's kaleidoscopic exploration of wolves both real and symbolic At the center of this lyrical inquiry is the legendary OR 7 who roams away from his familial pack in northeastern Oregon While charting OR 7's record breaking journey out of the Wallowa Mountains Erica simultaneously details her own coming of age as she moves away from home and wrestles with inherited beliefs about fear danger femininity and the body As Erica chronicles her own migration from crying wolf as a child on her grandfather's sheep farm to accidentally eating mandrake in Sicily she searches for new expressions for how to be a brave woman human and animal in our warming world What do stories so long told about wolves tell us about our relationship to

fear How can our society peel back the layers of what scares us By strategically unspooling the strands of our cultural constructions of predator and prey and what it means to navigate a world in which we can be both Erica bridges the gap between human fear and grief through the lens of a wrongfully misunderstood species Wolfish is for anybody trying to navigate a world that is often scary A powerful timeless and necessary book for our current and future generations
