A Guide to Federal Terms and Acronyms Don Philpott, 2017-12-20 Navigating government documents is a task that requires considerable knowledge of specialized terms and acronyms. This required knowledge nearly amounts to knowing a completely different language. To those who are not fluent, the task can be overwhelming as federal departments fill their documents with acronyms, abbreviations, and terms that mean little or nothing to the outsider. Would you be able to make sense of a document that described how the COTR reports to the CO regarding compliance with FAR, GPRA, SARA, and FASA? This is a common procedure in government contracting. Would you have any clue what was being referred to if you came across MIL STD 129P? It is the new standard for Military Shipping Label Requirements. The sheer number of such terms makes mastering them nearly impossible. But now these terms and their definitions are within reach. This new edition of *A Guide to Federal Terms and Acronyms* presents a glossary of key definitions used by the federal government. It is updated to include new acronyms and terminology from various federal government departments. It covers the most common terms, acronyms, and abbreviations used by each major agency, presenting definitions and explanations in a user-friendly and accessible way. This is an essential tool for anyone who works with federal government information. **Boys' Life**, 1951-02 Boys' Life is the official youth magazine for the Boy Scouts of America. Thomas Ph.D., 2010-08-26 Originally termed Industrial/Organizational Psychology, IO practitioners of this specialty emanate from varying backgrounds in business psychology-related fields. Although it was one of the original four specialties of the American Board of Professional Psychology established in 1947, the domain of contemporary IO professional practice can best be thought of as a hybrid across multiple traditions. For this volume in the series, Jay Thomas describes this particular hybrid model. The original board reflecting the specialty of IO psychology, i.e., the American Board of Industrial and Organizational Psychology within the greater organization of the American Board of Professional Psychology, which at the time of this writing encompasses 13 differing specialty boards in professional psychology, reconstituted itself in 2005 to be the American
