Bipolar A Path To Acceptance:

Bipolar Bernard Mitchell, 2011 **Bipolar** Bernie Mitchell, 2013 This book is the remarkable story of a highly successful business entrepreneur Bernie Mitchell. It is a warts and all journey of a man who has struggled with bipolar disorder. With complete honesty, he takes you with him from his personal hell to full recovery. Make no mistake, taking the bull by the horns against bipolar disorder as Bernie did is one of the most courageous acts a person could imagine. It is not something anyone should take lightly. Bernie not only took the initiative to overcome bipolar disorder, he has written this book to show that life can begin again and flourish as the disorder is being successfully managed. By writing this book, Bernie Mitchell has stuck his neck out to demystify the stigma of bipolar disorder that is so prevalent in today's society. Readers of this book will encounter first and foremost a human story. It is a story that portrays nothing less than the innermost human desire to be aligned with one's values. These values are universal and immutable, but as this story will show, living coherently with them while endeavouring to achieve business success is a tremendous but achievable challenge. **Bipolar A Path To Acceptance** brings to light a torrent of insight and experience. You will be glad you went along for the ride with one of the most innovative, extraordinary, and courageous business leaders you will ever have the opportunity to know. **A Bipolar's Journey** Vijay Nallawala, 2015-07-16 It was only when the author was diagnosed as a bipolar in 2003, leading to his hospitalization, that he first heard about this serious mental illness. From being comfortably perched as a successful entrepreneur, he was abruptly flung into terrifying, unknown territory. Extreme mood swings from manic highs to desperate lows made life miserable. The awareness about this chronic debilitating condition was almost nonexistent in India back then, and the stigma stifling. Disturbingly, the situation remains largely unchanged, unlike developed countries where support groups thrive. Where there is iron-willed determination, the biggest of challenges can be surmounted. The unstinted support of his family, close friends, mentors, and medical team helped him in his arduous climb. Medical treatment needs to be supplemented by a healing regimen. Resolutely, he made yoga, meditation, and spiritual advancement an intrinsic part of his life. This cathartic journey ended up freeing him. An inspiring story of resilience, this is a rare voice of hope from the East, trying to reach out to millions of his community, saying, "Yes, a bipolar too can lead a normal and happy life." **A Bipolar's Journey** may well help you walk away from torment to fulfillment. So let's walk together. **Acceptance of Mental Illness** Lauren Mizock, Zlatka Russinova, 2016-06-08 Acceptance of Mental Illness adheres to a recovery-oriented philosophy that understands recovery as not simply symptom elimination but as the process of living a meaningful and satisfying life with mental illness. **Marriage and Lasting Relationships with Asperger's Syndrome (Autism Spectrum Disorder)** Eva A. Mendes, 2015-07-21 Offering practical advice straight from the couples counseling room, Eva A. Mendes provides an insider's view into what couples and counselors can do to help make an ASD relationship last. She outlines the challenges faced in an ASD relationship and provides strategies that can improve the lives and marriages of couples on a daily basis. Best Friends
