Holtby, 2008-09 Memoir of a blessing disguised as a tragedy More than two million Americans have bipolar disorder In her memoir Michelle Holtby tells how the illness ruined and saved her life In May 2001 at age 27 a brain disorder overwhelms her Soon she slips into an alternate reality and believes she s God Hospitalization and a diagnosis of bipolar disorder bring stability But what about recovering How does she learn to live with her mental illness And above all she wants to know why God wrecked her life causing her to loose her career friends and home Over the next 7 years Michelle peers into the cracks of her soul to confront her anguish anger and self loathing Finding new meaning for her life powerfully aids her recovery By extracting healing insights from her wrenching loss she moves forward to wellness But each day she must actively choose to remain in balance It s a constant challenge to push aside the negative voices in her head Every day she consciously embraces hope to ensure continued recovery To help others on their journey to wellness she shares many of her practical self care techniques This memoir is for anyone whose life has been touched by mental illness With candor and bravery Michelle Holtby gives a taut and compelling eyewitness account of living with bipolar disorder Her memoir confronts stigma and replaces it with understanding In overcoming despair she shows how hope and faith endure and guide her recovery *A Memoir of Love and Madness* Rahla Xenopoulos, 2011-03-28 In 1992 Rahla Xenopoulos was diagnosed with bipolar disorder Despite the devastating diagnosis she sought education on her affliction Although she found an abundance of literature on various mental illnesses none of it seemed applicable to her This situation inspired her to write a book chronicling her ongoing efforts to come to terms with a disease that is in effect a life sentence The book recounts her upbringing in an eccentric loving Jewish family her struggle with bulimia anorexia and self mutilation her attempts at suicide finding true love and finally the crazy utterly unpredictable experience of giving birth to triplets This is neither a self help book nor a medical guide Reading this book will not cure anyone bipolar disorder is a chronic illness But it did help Rahla as it will countless others to understand the rhythm in the cacophony of this condition **Bipolar Faith** Monica A.
