Botswana Safari Guide Chris McIntyre, Susie McIntyre, 2024-11-08 This new thoroughly updated sixth edition of Bradt's Botswana Safari Guide remains the only full blown standalone guide to one of Africa's most popular and rewarding safari destinations. This is the sole guide to focus on Botswana's key safari locations: the Okavango Delta, Chobe National Park and the Northern Kalahari. Botswana's wilderness is pristine, a virtue underpinned by governmental commitment to sustainable tourism. The Okavango Delta's permanent waters attract year-round wildlife including all the big five. Outside the Delta, this English-speaking country offers tremendous variety in landscapes from the arid Kalahari to lush forests. Riverine areas harbour spectacular herds of elephants and buffalo as well as mighty predator populations. Dusty savannahs attract hardier game such as oryx and springbok. On Makgadikgadi's great salt pans, zebras gather in huge congregations after rain. Birdwatching is brilliant throughout. Then there's Botswana's rich history from the ancient rock paintings at the Tsodilo Hills to Stone Age arrowheads on the Makgadikgadi Pans. Bradt's Botswana Safari Guide offers detailed descriptions of many lodges from traditional tented camps to those offering five-star luxury and top-class cuisine, plus detail on what animals occur where, enabling you to select the optimum approach. With this book's comprehensive GPS co-ordinates and detailed maps, independent travellers can drive themselves around. But perhaps you prefer bespoke mobile safaris with a private guide. Either way, take a night drive to see creatures of the dark: genets and hunting leopards. For a different feel, explore rivers on gentle motorboat cruises including on multi-day trips, or get closer to the water in a traditional mokoro dug-out canoe with a poler escorting you along shallow waterways. Or seek out a specialist walking camp for the excitement of bush walks when meerkats might even pose atop your head for a great lookout. And why not use this book's advice to book end trips by visiting Livingstone, Zambia and the Victoria Falls? Written and updated by Chris and Susie McIntyre, experts on all things Africa, Bradt's Botswana Safari Guide is the definitive companion to discovering this thrilling destination. **Nature's Strongholds**

Laura Riley, William Riley, 2005 Covers more than 600 reserves in over 80 countries, includes information on how to visit these extraordinary sites, their ecological significance and some historical background. **Wildlife of the Okavango**

Duncan Butchart, 2016-09-01 A remarkable variety of animals and plants can be found in the wilderness region surrounding the Okavango Delta. This photographic guide covers more than 470 of the area's most conspicuous and interesting mammals, birds, reptiles, frogs, fish, invertebrates, trees and aquatic plants.
