Subversive Spirituality L Paul Jensen, 2011-06-30 *Subversive Spirituality* links the practice and study of Christian spirituality with Christian mission It develops a twofold thesis grace spiritual disciplines and mission

practices are inseparably linked in the mission of Jesus of the early church and of several historical renewal movements as well as in a contemporary field research sample and amidst the collapse of space and time evidenced by our culture s increasingly hurried pace of life more time and space are needed for regular solitary and communal spiritual practices in church mission and leadership structures if Christian mission is to transform people and culture in our time This requires a subversion of the collapsed spatial and temporal codes that have infected our Christian institutions Jensen employs methods and approaches from a variety of academic disciplines to explore both spirituality in terms of space and time and mission in terms of deed and word Specifically Jensen examines the spirituality and mission of Jesus the early church the apostolic fathers Origen the Devotio Moderna the early Jesuits David Brainerd and several women in 19th century Protestant missions He considers the spirituality and mission that have arisen within the postmodern generations born after 1960 Based on the theological historical cultural and field analyses of this study a model for spirituality and mission is proposed The model addresses the contemporary collapse of space and time and appears to have widespread applicability to diverse cultures and eras Jensen s model is applied to the pluralistic and postmodern milieu of North America with recommendations for spirituality and mission in church mission and educational structures A derivative model for teaching and practicing spirituality and mission in the academy which also has application for non formal leadership development structures is also proposed

Vonnegut & Hemingway Lawrence R. Broer, 2012-07-23 A study of surprising similarities in their lives and works adds an important element to the existing discussion of two twentieth century literary icons

Studies in American Humor In this original comparative study of Kurt Vonnegut and Ernest Hemingway Lawrence R Broer maps the striking intersections of biography and artistry in works by both writers and compares the ways they blend life and art Broer views Hemingway as the secret sharer of Vonnegut's literary imagination and argues that the two writers traditionally considered as adversaries because of Vonnegut's rejection of Hemingway's emblematic hypermasculinism inevitably address similar deterministic wounds in their fiction childhood traumas family insanity deforming wartime experiences and depression Rooting his discussion in these psychological commonalities Broer traces their personal and artistic paths by pairing sets of works and protagonists in ways that show the two writers not only addressing similar concerns but developing

a response that in the end establishes an underlying kinship when it comes to the fate of the American hero of the twentieth century Hemingway provided frequent fodder for Vonnegut inspiring a cadre of characters who celebrate war and death In his sardonic response to this vision of a Hemingwayesque world Vonnegut espoused kindness and restraint as moral imperatives against the more violent yearnings of human nature which Hemingway in turn embraced as stoic virile and heroic Though their paths were radically different Broer finds in both an overarching obsession with the scars of war as chief adversary in a personal quest for understanding and wholeness He locates in each writer s canon moments of spiritual awaking leading to literary evolution if not outright reinvention In their later works Broer detects an increasing recognition of redemptive feminine aspects in themselves and their protagonists pulling against the destructively tragic fatalism that otherwise dominates their worldviews Broer sees Vonnegut and Hemingway as fundamentally at war with themselves with one another s artistic visions and with the idea of war itself Against this onslaught he asserts they wrote as a mode of therapy and achieved literary greatness through combative opposition to the shadows that loomed so large around them

Deadpool Team-Up Rob Williams,2023 The Merc With a Mouth continues his calamitous cruise through the Marvel Universe and this time no one is safe Everyone s favorite maniac joins some of Marvel s best and brightest in this collection of tasteless team ups Deadpool travels to the UK for tea crumpets and a fistfight with Captain Britain battles demons for the love of the sultry Satana takes on the merciless Mr X puts on a puppet show with Machine Man and plays laser tag with Gorilla Man
