

Active Second Edition LISTENING

Active Listening: Second Edition is a fully updated and revised edition of the popular three-level listening series for adult and young adult learners of North American English. Each level offers students 16 engaging, task-based units, each built around a topic, function, or grammatical theme. Grounded in the theory that learners are more successful listeners when they activate their prior knowledge of a topic, the series gives students a frame of reference to make predictions about what they will hear. Through a careful balance of activities, students learn to listen for main ideas, to listen for details, and to listen and make inferences.

Active Listening: Second Edition, Level 1 is intended for high-beginning to low-intermediate students. It can be used as a main text for listening classes or as a component in speaking or integrated-skills classes.

Features of the Student's Book

- A *Before you begin* unit to develop awareness of listening strategies
- Updated prelistening schema-building activities to build vocabulary
- New *Listen again* activities for additional coverage of listening skills
- Optional *Your turn to talk* pages that offer speaking and pronunciation practice
- New, culturally rich *Expansion* units that include authentic student interviews
- A new self-study listening section with audio CD for additional practice

Features of the Teacher's Manual

- Step-by-step teaching notes with key words highlighted
- A wealth of optional speaking activities and listening strategies
- Suggested times for completing lessons
- Photocopiable unit quizzes
- Two complete tests with audio CD
- Complete answer keys

The Authors

Steven Brown and Dorolyn Smith have extensive ESL/EFL experience as teachers and teacher trainers. They have published widely and have written both classroom and professional materials.
