A Trust Betrayed Mike Wagner, 2025-05-01 While the big bad corporation has often been the offender in many of the world's greatest environmental disasters in the case of the mass poisoning at Camp Lejeune the culprit is a revered institution the US Marine Corps For two decades now revelations have steadily emerged about pervasive contamination associated clusters of illness and death among the Marine families stationed there and military stonewalling and failure to act Mike Wagner's chilling investigation creates a suspenseful narrative from the individual stories scientific evidence and smoldering sense of betrayal among those whose motto is undying fidelity He also raises far reaching and ominous questions about widespread contamination on US military bases worldwide
