Cold Justice Series Toni Anderson, 2016-11-29 Cold Justice Series Box Set Books 1 6 *The Plot: Chances Taken -A Romantic Action Trilogy* Kelly Kathleen, 2014-10-25 Cecily has gotten to know Chance and decides that he is one of the good ones. Deciding to help him, she keeps him hidden in the basement while flirting with Mike upstairs. Mike and Cecily plan a romantic evening, but things don't go according to plan. Cecily and Chance have gotten caught in a state of undress with Mike standing with hatred in his eyes. There will be a conflict and hurt feelings, and Cecily will have to be the voice of reason to prevent these two men from tearing each other apart. Cecily will feel pulled in two directions: her feelings for each man testing her and making her wonder which man is right for her. Working together, there will be tension and lingering glances, but will Cecily take the next step or will she be too afraid to cross that line? What of the Trojan Horse and what does that really mean, and will Chance trust them with the secret? Here's a short snippet of the content: Um, it's not what it looks like, Mike. It was a lame excuse, and I knew it from the moment it escaped my lips, but I just couldn't take it back. He was fuming, mad, his hands balled up into fists, and you could see they were red from his fingernails pressing into the skin. You don't understand what's going on, and if you give me a moment to explain, I think you'll see that everything is not as it seems.

The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them, as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast, as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system, which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations: for viewing, recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e., animated, drama, sports, mystery, adventure, etc.) as well as an annotated name index listing all persons mentioned, along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.
