Beyond E Government E Democracy A Global Perspective:

Beyond E-government & E-democracy Alan R. Shark, Sylviane Toporkoff, 2008 The book is a collection of thoughts and applications from among practitioners and thought leaders around the globe who examine how technology can better serve citizens

Digital Governance Michael E. Milakovich, 2012-04-23 The application of digital information and communication technologies ICTs to reform governmental structures politics and public administration is widely and perhaps naively viewed as the twenty first century savior the enlightened way to reinvigorate democracy and improve the quality of citizen services In this timely and thorough analysis Michael Milakovich examines the assumptions underlying the e government revolution in light of the financial exigencies facing many commercial enterprises governments and other organizations Computer driven information and communications technologies are impacting all aspects of public sector service delivery worldwide and many governments are moving away from an agency centric toward a more citizen centric approach to offering online services This book explores the transition from electronic government e gov to digital or d governance emphasizing the importance of citizen participation and information technology to accomplish the change The chapters concentrate on strategies for public administration organizational transformation and their implications for improved and measurable government performance Digital self governance is a broader umbrella term referring to the networked extension of ICT relationships to include faster access to the web mobile service delivery networking teleconferencing and use of multi channel information technologies to accomplish higher level two way transactions The shift from bureaucracy centered to customer centric service orientation is viewed as a means to restore public trust and improve service quality Digital governance is the next step for governments at all levels to reduce costs meet citizen expectations and achieve economic recovery goals
