in favor of various mediatic practices that substitute arguably for the one form of critical inquiry that might safeguard speculative intellectual inquiry as long form and long term project especially in relationship to the archive or library otherwise known as the public domain This ongoing critique of neo liberal academia is a necessary corrective to processes underway today toward the further marginalization of radical critique with many of the traditional forms of sustained analysis being replaced by pseudo empirical studies that abandon themes only presentable in the Arts and Humanities through the arcanian closure that the book as long form inquisition represents whether as novel non fictional critique or something in between As a tomb for thought this privileging of the shadowy recesses of the book preserves through the very apparatuses of long and slow form scholarship the premises presented here as indicative of an anti capitalist project embedded in works that might otherwise shun such a characterization The perverse capitalist capture of knowledge through mass digitalization is paradoxically the negative corollary for the reduction by abstraction of everyday works to a philosophical and moral inquest against Capital The latter actually constitutes a transversal reduction for works across works toward the age old antithesis to instrumentalized socio cultural production Spirit For similar reasons the anti capitalist sublime as presented here is primarily a product of the imaginative magical realist regimes of thought in service to no capital to no capitalization of thought This book seeks to re establish paradigmatic a historical and universalizing practices in humanistic scholarship associated with speculative inquiry as a form of art utilizing in passing forms of art and exemplary paradigmatic practices that are also first order forms of speculative inquiry suggesting that first order works in the Arts and Humanities are those works that may suffer second order incorporations without the attendant loss of the impress of sublimity Spirit The Literary Digest International Book Review Clifford Smyth,1923 *The Literary Digest International Book Review* ,1923
