

BEYOND ARCHITECTURE

IMAGINATIVE BUILDINGS AND FICTIONAL CITIES

Beyond Architecture is the first publication of its kind to document the creative exploration of architecture and urban propositions in the contemporary arts. It demonstrates how not only architects and designers but also artists are taking architecture as a starting point for experimentation. Co-edited by Lukasz Patkowiak, this book features contributions by renowned international artists, ranging from performance, installation art

and crafted sculptures to grid cultural systems, alternative ideas for living spaces and habitats, as well as illustration, painting, collage and photography. Through stunning photographs and incisive texts, these visionary concepts reveal how the interplay between architecture and visual culture will pave the future aesthetic and shape the development of architectural practices and urban landscapes in the decades to come.
