THE COLLECTED WORKS OF C. G. JUNG: Symbols of Transformation (Volume 5) C.G. Jung,2014-12-05

In 1911 Jung published a book of which he says it laid down a programme to be followed for the next few decades of my life It was vastly erudite and covered innumerable fields of study psychiatry psychoanalysis ethnology and comparative religion amongst others In due course it became a standard work and was translated into French Dutch and Italian as well as English in which language it was given the well known but somewhat misleading title of The Psychology of the Unconscious In the Foreword to the present revised edition which first appeared in 1956 Jung says it was the explosion of all those psychic contents which could find no room no breathing space in the constricting atmosphere of Freudian psychology It was an attempt only partially successful to create a wider setting for

medical psychology and to bring the whole of the psychic phenomena within its purview For this edition appearing ten years after the first bibliographical citations and entries have been revised in the light of subsequent publications in the Collected Works and in the standard edition of Freud s works some translations have been substituted in quotations and other essential corrections have been made but there have been no changes of substance in the text **Legend of Shinra ,**

Zhenyinfang,2020-03-13 In order to fight for the power of the world the three ethnic groups continue to fight and the battlefield starts in the unknown continent between Dongsheng Prefecture Tailuo Prefecture and Chimei Tianluo continent in the West The three sides suffered heavy losses and the unknown continent was occupied by fierce animals After the three sides ended the war the celestial Unicorn came to the east of Dongsheng prefecture to influence all things and the mainland snatched the unicorn Experts gathered to attack the unicorn The unicorn died and fell into the sea of tooth color The leaders of all races snatched the body of the unicorn The unicorn s heart soared away and turned into a pearl and fell into the sea of tooth color The heart of the unicorn is transformed into the remaining light and then comes to the world
