Assessment Of Performance Measures For Public Health Substance Abuse And Mental Health:

Assessment of Performance Measures for Public Health, Substance Abuse, and Mental Health Panel on Performance Measures and Data for Public Health Performance Partnership Grants, 1997-06-16 The U S Department of Health and Human Services is carrying out an ambitious new program to assure that funds for public health programs are spent as effectively as possible Under the new program every state will develop a set of performance objectives to measure its progress in terms of outcomes processes and capacity In the first phase of the program states are to propose such measures to be achieved over three to five years This book examines the technical issues involved in the development of performance measures in 10 areas mental health substance abuse HIV infection sexually transmitted diseases tuberculosis immunization chronic diseases disability rape and emergency medical services From more than 3 200 candidate measures proposed by researchers policymakers and public health professionals the panel proposes more than 50 potential outcome measures The book details the advantages and limitations of potential measures as well as the data sources that can support them This volume will be an invaluable resource to everyone involved in public health

Health Performance Measurement in the Public Sector

National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Panel on Performance Measures and Data for Public Health Performance Partnership Grants, 1999-03-31 There is growing interest in using performance measurement as a means of holding federal state and local health agencies accountable for their use of public funds Health Performance Measurement in the Public Sector is the second of two books for the U S Department of Health and Human Services on using and improving performance measurement in publicly funded health programs and the implications for data needs and systems This book focuses on data and information system issues at the federal state and local levels Recommendations address Policy framework for selecting performance measures and using performance measurement Operational principles related to data and data systems that support performance measurement Essential investments in data systems and in training and technical assistance Research needed to improve performance measures and performance measurement

Measuring Health Performance in the Public Sector National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Panel on Performance Measures and Data for Public Health Performance Partnership Grants, 1999-08-21 The Panel on Performance Measures and Data for Public Health Performance Partnership Grants was established at the request of the U S Department of Health and Human Services DHHS Its charge is to examine the state of the art in performance measurement for public health and to recommend measures that could be used to monitor the Performance Partnership Grant agreements to be negotiated between each state and the federal government The panel was asked to consider performance measures in ten areas which are clearly a subset of the full range of traditional public health concerns chronic diseases sexually transmitted diseases STDs human immunodeficiency virus HIV infection and tuberculosis

mental health immunization substance abuse and three areas of prevention of special interest to DHHS sexual assault disabilities and emergency medical services This report focuses on measures that states and the federal government can use over the next 3 to 5 years to negotiate agreements and monitor performance in these areas A later report will examine additional measures that might be developed from new research findings on program effectiveness or as improvements are made to state and federal surveys and data systems
