Between Shades of Gray Ruta Sepetys, 2011-10-12 Just in time for the 10th anniversary of *Between Shades of Gray* Ruta Sepetys's award winning debut novel and inspiration for the major motion picture *Ashes in the Snow* is now a gorgeous graphic novel From 1 New York Times and international bestselling author and Carnegie Medal winner of *Salt to the Sea* comes a story of loss and of fear and ultimately of survival in a brand new four color format Few books are beautifully written fewer still are important this novel is both The Washington Post A New York Times notable book An international bestseller A Carnegie Medal nominee A William C Morris Award finalist A Golden Kite Award winner June 1941 A knock comes at the door and the life of fifteen year old Lina Vilkas changes forever She's arrested by the Soviet secret police and deported from Lithuania to Siberia with her mother and younger brother The conditions are horrific and Lina must fight for her life and for the lives of those around her including the boy that she loves Risking everything she secretly passes along clues in the form of drawings hoping they will reach her father's prison camp But will her messages and her courage be enough to reunite her family Will they be enough to keep her alive A moving and haunting novel perfect for readers of *The Book Thief* now available as a stunning graphic novel

Four Shades of Gray Simon Peter Rowberry, 2022-04-05 This first book length analysis of Amazon's Kindle explores the platform's technological bibliographical and social impact on publishing *Four Shades of Gray* offers the first book length analysis of Amazon's Kindle and its impact on publishing Simon Peter Rowberry recounts how Amazon built the infrastructure for a new generation of digital publications then considers the consequences of having a single company control the direction of the publishing industry Exploring the platform from the perspectives of technology texts and uses he shows how the Kindle challenges traditional notions of platforms as discrete entities He argues that Amazon's influence extends beyond disruptive technology to embed itself in all aspects of the publishing trade yet despite industry pushback he says the Kindle has had a positive influence on publishing Rowberry documents the first decade of the Kindle with case studies of Kindle Popular Highlights an account of the digitization of books published after 1922 and a discussion of how Amazon's patent filings reflect a shift in priorities Rowberry argues that while it was initially convenient for the book trade to outsource ebook development to Amazon doing so has had adverse consequences for publishers in the mid and long term limiting opportunities for developing an inclusive and forward thinking digital platform While it has forced publishers to embrace digital forms the Kindle has also empowered some previously marginalized readerships Although it is still too early to judge the long term impact of ebooks compared with that of the older technologies of clay tablets the printing press and offset printing the shockwaves of the Kindle continue to shape publishing
