Between Hours A Collection Of Poems By Psychoanalysts:

Between Hours Salman Akhtar, 2012 While accommodating playfulness and even a bit of audacity both psychoanalysis and poetry deeply respect formality of structure nuance of affect and the multifaceted resonance of the spoken word Twinship of the analytic and poetic discourse is also evident in the parallels between a fumbling pause in free associations and an aching line break in a poem a telling parapraxis and an inspired metaphor an acknowledgment of the repressed via its negation and the irony of simultaneous hiding and revealing in verse and so on To put it bluntly psychoanalysis is two person poetry and poetry one person psychoanalysis No where is this juxtaposition more apparent than in this book of poems by psychoanalysts The first ever collection of its sort **Selected Papers of Salman Akhtar** Salman Akhtar, 2023-06-01

Salman Akhtar is a Professor of Psychiatry a Training and Supervising Analyst a member of numerous editorial boards winner of many awards including the highly prestigious Sigourney Award a writer of several hundred articles a poet and the author or editor of over one hundred books A modern day Renaissance man his elegant writing is simultaneously scholarly and literary and brings a light touch to profound material Phoenix Publishing House is proud to present his most inspiring works in a stunning ten volume hardback set fit to grace the shelves of collectors and libraries with its high quality finish

and readers What do these works tell us about the particular culture and history in which they are written What do they tell us about therapeutic and other human encounters The volume highlights the important role that the creative arts have played in offering representations and explorations of our minds our relationships and our mental health or more pressingly ill health The volume's focus is not only on the patient's experience as expressed via the creative act and as counterweight to the practitioner's case study but more specifically on the therapeutic encounter specifically the relationship between therapist and patient The contributors here engage with ideas and methodologies within contemporary psychoanalytic thought including but not limited to those of Sigmund Freud Melanie Klein André Green Julia Kristeva Jacques Lacan and Donald Winnicott highlighting the dynamic research culture that exists in this field and maintaining a dialogue between the humanities and various therapeutic disciplines Narratives of the Therapeutic Encounter combines the analysis of psychoanalytic and fictional texts to explore the implications that arise from the space between the participants in therapy including creative and aesthetic inspirations therapeutic potentials and ethical dilemmas
