Beyond Bullsh*t Straight Talk At Work:

Beyond Bullsh*t Samuel A. Culbert, 2008-01-01 Beyond Bullsh*t is about straight talk at work and the lack of it. It will help you to spot bullsh*t at work and avoid its negative consequences whilst explaining how straight talk contributes to personal well being and business success. Beyond Bullsh*t is for people who wonder what it's going to take to get rid of the constant deception and complication that leaves them feeling fed up, confused and even a little dirty. After decades of research and consulting, Samuel A. Culbert is convinced that straight talk at work is possible. But it requires more than luck and willing people. Straight talk is the product of genuine relationships built upon trust and a commitment to look out for one another's success. With straight talk, mistakes in planning and action can be quickly rectified, leading to improved productivity and business success. Beyond Bullsh*t rings true and you will recognise the stories of office politics gone wrong. It will help you to develop straight talk relationships at work and encourage your colleagues to do the same. If you want honest reactions and to know where you stand, then Beyond Bullsh*t is for you.

Beyond Bullsh*t, 2008-03-17 Beyond Bullsh*t reveals the dynamics of bull and why it has become the corporate communication etiquette of choice. It also explains how telling it straight contributes to personal well being and business success. *Get Rid of the Performance Review!* Samuel A. Culbert, 2010-04-14 The performance review. It is one of the most insidious, most damaging and yet most ubiquitous of corporate activities. We all hate it. And yet nobody does anything about it. Until now. Straight talking Sam Culbert, management guru and UCLA professor, minces no words as he puts managers on notice that with the performance review as their weapon of choice, they have built a corporate culture based on intimidation and fear. Teaming up with Wall Street Journal Senior Editor Lawrence Rout, he shows us why performance reviews are bogus and how they undermine both creativity and productivity. And he puts a good deal of the blame squarely on human resources professionals who perpetuate the very practice that they should be trying to eliminate. But Culbert does more than merely tear down. He also offers a substitute: the performance preview that will actually accomplish the tasks that performance reviews were supposed to but never will. Holding people accountable for their actions and their results and giving managers and their employees the kind of feedback they need for improving their skills and to give the company more of what it needs. With passion, humor and a rare insight into what motivates all of us to do our best, Culbert offers all of us a chance to be better managers, better employees and indeed better people. Culbert has long said his goal is to make the world of work fit for human consumption. *Get Rid of the Performance Review* shows us how to do just that.
