John Christman, Joel Anderson

Beyond Individualism Reconstituting The Liberal Self:

Beyond Individualism Jack Crittenden, 1992 **Beyond Individualism** Jack Crittenden, 1992 An examination of the debate in political theory about the true concept of human nature The author argues that current concepts of the liberal and communitarian self are unacceptable and draws upon recent psychological research to develop a theory of compound individuality *Becoming a Cosmopolitan* Jason D Hill, 2023-06-14 The philosopher and author of *Beyond Blood Identities* offers a new paradigm of persona freedom and moral self possession As a Jamaican immigrant arriving in the United States at the age of twenty Jason Hill noticed how often Americans identified themselves in terms of race and ethnicity He observed for example the reluctance of West Indians to join black causes for fear of losing their identity He began to ask himself what sort of world he wanted to live in a quest that in time led him to the idea of the cosmopolitan In *Becoming a Cosmopolitan* Jason D Hill argues that we need a new understanding of the self He revives the idea of the cosmopolitan the person who identifies the world as home Arguing for the right to forget where we came from Hill proposes a new moral cosmopolitanism for the new millennium Recovering the Liberal Spirit Steven F. Pittz, 2020-09-01 Develops a theory of spiritual freedom and explores its relationship to problems of liberal political regimes Liberalism is often castigated for being spiritually empty and unable to provide meaning for individuals Is it true that there simply is no spiritual side to liberalism In *Recovering the Liberal Spirit* Steven F Pittz develops a novel conception of spiritual freedom Drawing from Nietzsche and his figure of the free spirit as well as from thinkers as varied as Mill Emerson Goethe Hesse C S Lewis and Tocqueville Pittz examines a tradition of individual freedom best described as spiritual Spiritual freedom is an often overlooked category of liberal freedom and it provides a path to meaning without a return to communal or traditional life While carefully considering Progressive and Communitarian counterarguments Pittz argues for both the possibility and the desirability of a free spirited life Citizens who are free spirits deliver great benefits to liberal democracies primarily by combatting dogmatism and fanaticism and the putative authority of public opinion **Ideas, Ideologies, and Social Movements** Peter A. Coclanis, Stuart Weems Bruchey, 1999 This volume uncovers the role of ideas and ideologies in some of the most important social movements in US history The book examines attempts to bring about or to thwart social or institutional change from political democratization and feminism to animal rights and civil rights The Importance of Insight Michael Vertin, 2007-01-01 Written in honour of Michael Vertin the distinguished philosopher and Lonergan scholar at the University of Toronto *The Importance of Insight* brings together a number of thoughtful essays by leading Lonergan scholars These essays investigate the importance of Lonergan's articulation of insight and how it can be applied within the fields of cognitional theory theology ethics and politics The contributors address several issues emerging from the post Enlightenment crisis of meaning and value as well as more specific contemporary concerns such as the nature of Christian revelation the articulation of Church doctrine and the ethical training health care professionals should receive By indicating what there is

to be gained by understanding and applying insight in a number of different contexts this collection highlights the relevance of Lonergan's thought in the contemporary intellectual and cultural milieu and at the same time makes a significant contribution to the development of Lonergan's thought itself In this way *The Importance of Insight* offers a window into cutting edge Lonergan scholarship and some of its central concerns and preoccupations

The Great Delusion John J. Mearsheimer, 2018-01-01 A major theoretical statement by a distinguished political scholar explains why a policy of liberal hegemony is doomed to fail It is widely believed in the West that the United States should spread liberal democracy across the world foster an open international economy and build international institutions The policy of remaking the world in America's image is supposed to protect human rights promote peace and make the world safe for democracy But this is not what has happened Instead the United States has become a highly militarized state fighting wars that undermine peace harm human rights and threaten liberal values at home In this major statement the renowned international relations scholar John Mearsheimer argues that liberal hegemony the foreign policy pursued by the United States since the Cold War ended is doomed to fail It makes far more sense he maintains for Washington to adopt a more restrained foreign policy based on a sound understanding of how nationalism and realism constrain great powers abroad *The Great Delusion* is a lucid and compelling work of the first importance for scholars policymakers and everyone interested in the future of American foreign policy

Autonomy and the Challenges to Liberalism John Christman, Joel Anderson, 2005-02-07 In recent years the concepts of individual autonomy and political liberalism have been the subjects of intense debate but these discussions have occurred largely within separate academic disciplines *Autonomy and the Challenges to Liberalism* contains essays devoted to foundational questions regarding both the notion of the autonomous self and the nature and justification of liberalism Written by leading figures in moral legal and political theory the volume covers inter alia the following topics the nature of the self and its relation to autonomy the social dimensions of autonomy and the political dynamics of respect and recognition and the concept of autonomy underlying the principles of liberalism

Personal and Moral Identity A.W. Musschenga, A.W. van Haaften, B. Spiecker, M.V. Slors, 2013-03-14 The subject of personal and moral identity is at the centre of interest not only of academic research within disciplines such as philosophy and psychology but also of everyday thinking This is why the Netherlands School for Research in Practical Philosophy and the Institute for Ethics of the Vrije Universiteit in Amsterdam took the initiative to bring together scholars from various disciplines interested in the subject The expert seminar on *Personal and Moral Identity* took place from 12-14 January 1999 Financial contributions from the Vrije Universiteit the Dutch Scientific Organisation NWO and the Royal Dutch Academy for the Sciences KNAW made the event possible The chapters in this book either go back to papers presented at the seminar or were written afterwards by participants inspired by the discussions that took place during the seminar We are very grateful to Dr Hendrik Hutter for his assistance in editing the texts and making the manuscript camera ready December 2001 The Editors

1 Introduction Albert W Musschenga Although scholars studying

the identity of persons usually address diverging issues and have different research agendas there is a growing awareness that one may benefit from insights and results present in other disciplines dealing with that subject This explains the enthusiastic responses to the invitation of the Netherlands School for Research in Practical Philosophy and the Institute for Ethics of the Vrije Universiteit to participate in a seminar on Personal and Moral Identity

What a Woman Ought to Be and to Do

Stephanie J. Shaw, 2010-01-15 Stephanie J Shaw takes us into the inner world of American black professional women during the Jim Crow era This is a story of struggle and empowerment of the strength of a group of women who worked against daunting odds to improve the world for themselves and their people Shaw's remarkable research into the lives of social workers librarians nurses and teachers from the 1870s through the 1950s allows us to hear these women's voices for the first time The women tell us in their own words about their families their values their expectations We learn of the forces and factors that made them exceptional and of the choices and commitments that made them leaders in their communities What a Woman Ought to Be and to Do brings to life a world in which African American families communities and schools worked to encourage the self confidence individual initiative and social responsibility of girls Shaw shows us how in a society that denied black women full professional status these girls embraced and in turn defined an ideal of socially responsible individualism that balanced private and public sphere responsibilities A collective portrait of character shaped in the toughest circumstances this book is more than a study of the socialization of these women as children and the organization of their work as adults It is also a study of leadership of how African American communities gave their daughters the power to succeed in and change a hostile world

Beyond Individualism Reconstituting The Liberal Self Introduction

In the digital age, access to information has become easier than ever before. The ability to download Beyond Individualism Reconstituting The Liberal Self has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Beyond Individualism Reconstituting The Liberal Self has opened up a world of possibilities. Downloading Beyond Individualism Reconstituting The Liberal Self provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Beyond Individualism Reconstituting The Liberal Self has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Beyond Individualism Reconstituting The Liberal Self. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Beyond Individualism Reconstituting The Liberal Self. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Beyond Individualism Reconstituting The Liberal Self, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Beyond Individualism Reconstituting The Liberal Self has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
