Beyond The Consequences:

Beyond the Consequences Aleatha Romig, 2015-01-15 Theirs was a long complicated story with a monster and a knight What made their story unique was that these two players were the same person Aleatha Romig CONVICTED As the pieces of their puzzle come together Anthony and Claire Rawlings continue to defy the odds Together they overcame an incomprehensible beginning Apart they endured unimaginable heartache Reunited with family and friends their journey continues as they navigate a dangerous world where secrets threaten to destroy what they hold the most dear Passion and love Tony and Claire turn up the heat as sparks fly passion rages and love prevails With only a dark glance or devilish grin the fire that sparked in an isolated suite continues to burn Though no longer willing to be less than Tony s equal in life behind closed doors only one man makes the rules Choices and consequences The safety of the Rawlings family is not debatable and only Phillip Roach can assure that they are not disappointed Learn how he leads old friends and new associates through the dangerous world of delusion and revenge The choices he makes for both the family and his personal life will have consequences BEYOND THE CONSEQUENCES book 5 of the bestselling Consequences series From New York Times Wall Street Journal and USA Today bestselling author Aleatha Romig [Beyond the Call of Duty](#) Gregory Mellema, 1991-09-27 A surprisingly large number of people have denied that it is possible for human moral agents to act in such a way as to go beyond or transcend what moral duty or obligation requires of them Some of this opposition to the possibility of supererogation as it is called has been motivated by theological concerns This book surveys the concerns of Luther Calvin and Melancthon as they react to certain teachings of the Roman Catholic Church as well as the concerns of several contemporary theologians It also examines some contemporary philosophers whose concerns have grown out of a commitment to a Kantian utilitarian or prescriptive type of ethics and urges that there are valuable lessons to be learned from these theologians and philosophers At the same time it is argued that some of their concerns are the result of a mistaken idea of what it means to perform an act of supererogation In addition it is argued that some of their concerns can be addressed in ways that do not require a denial of the possibility of going beyond the call of duty in human life This stage of the argument involves a discussion of virtue ethics and an examination of the concept of vocation particularly as it has developed in Protestant thought and illustrates the relevance of virtue and vocation to the problem of supererogation

Beyond Public Policy Peter Kevin Spink, 2019 Public policy is an expression that has come to dominate the way people talk about doing government and public administration and is seen as a central component of the modern democratic order Adopting an innovative public action languages approach *Beyond Public Policy* shows how policy is only one of many powerful social languages budgeting planning rights directives and protests amongst others used to make things happen in the ever changing arena of public affairs where they may cooperate compete or just go their own way *Beyond the Scandals* G. Lloyd Rediger, Recent sexual scandals have rocked the North American religious scene and left the churches

concerned about credibility and liability What are the bounds of clergy sexuality What constitutes misconduct and what legal moral and religious norms apply More broadly what has gone wrong and how can clergy understand their own sexuality and their lives of service Lloyd Rediger is a uniquely qualified national expert on all these questions with a strong message for clergy about their sexuality spirituality and behavior In this timely volume which incorporates material from his earlier volume *Ministry and Sexuality* Rediger brings his extensive research clinical experience and theological insights to bear on the topic He offers a comprehensive authoritative account of clergy sexuality and sexual ethics with up to date legal information helpful research on ethnic gender and denominational factors a religious and moral framework for understanding clergy sexuality and analysis of the sexual problems encountered by clergy Learn more about Dr Rediger at his website This volume could well become the standard professional resource for clergy in a new era of increased accountability and moral reflection

Beyond Paradise Jack Clayton Swearengen, 2007-03-01 Technology is shaping our culture and controlling our lives for better or for worse Often technology's benefits far outweigh its negative impacts and technological advances can seem boundless But the scientific technological worldview tends to override other value systems Indeed this technological way of thinking has influenced many contemporary ideas beliefs values habits and ways of communicating Furthermore in addition to technology's well known environmental impacts social aesthetic and spiritual consequences are now emerging How can we balance positive physical effects of technology with other ambiguous or negative impacts Some of the decisions we face have no precedent from which to draw wisdom For this reason the resources of Scripture and the Christian tradition must be brought to bear on technological questions How is technology used and abused today Does technological progress lead to human progress How can Scripture help us both individually and collectively to manage technology's impact in proactive ways Swearengen uncovers a comprehensive scriptural mandate for managing technology On his way to a theology of technology he evaluates which advances are moving society in directions consistent with God's purposes *Beyond Paradise* Technology and the Kingdom of God aims to provide practical means for assessing technology's influence and for steering technology and its effects toward biblical ends

Beyond the Illusion of Good and Evil Pasquale De Marco, 2025-07-27 *Beyond the Illusion of Good and Evil* is a thought provoking exploration of the nature of good and evil Drawing on a wide range of sources including philosophy religion and psychology Pasquale De Marco argues that our concepts of good and evil are not absolute but rather are socially constructed This book challenges us to question our assumptions about right and wrong and to consider the possibility that there may be no such thing as absolute morality Pasquale De Marco provides a fresh and insightful perspective on this timeless topic and offers readers a new way of thinking about the moral choices we make In this book Pasquale De Marco explores the illusion of good and evil arguing that these concepts are not absolute but rather are socially constructed Pasquale De Marco draws on a variety of sources including philosophy religion and psychology to support this argument Pasquale De Marco begins by examining the nature of

duality arguing that we tend to see the world in terms of opposites such as good and evil right and wrong and us and them This dualistic thinking Pasquale De Marco argues is a major source of conflict and suffering in the world Pasquale De Marco then goes on to explore the ways in which our culture our personal experiences and our own unique perspectives shape our perceptions of good and evil Pasquale De Marco argues that there is no such thing as objective morality and that what is considered good or evil is simply a matter of opinion Finally Pasquale De Marco offers a vision of a world beyond good and evil Pasquale De Marco argues that we need to move beyond the illusion of duality and embrace a more nuanced and compassionate understanding of the world This book is a challenging and thought provoking read but it is also a deeply hopeful one Pasquale De Marco offers a powerful vision of a world where we can live together in peace and harmony regardless of our differences If you like this book write a review **Beyond Violence+** Stephanie S.
