Beyond The Two State Solution A Jewish Political Essay:

Beyond the Two-State Solution Yehouda Shenhav, 2013-04-18 For over two decades many liberals in Israel have attempted with wide international support to implement the two state solution Israel and Palestine partitioned on the basis of the Green Line that is the line drawn by the 1949 Armistice Agreements that defined Israel's borders until 1967 before Israel occupied the West Bank and Gaza following the Six Day War By going back to Israel's pre 1967 borders many people hope to restore Israel to what they imagine was its pristine pre occupation character and to provide a solid basis for a long term solution to the Israeli Palestinian conflict In this original and controversial essay Yehouda Shenhav argues that this vision is an illusion that ignores historical realities and offers no long term solution It fails to see that the real problem is that a state was created in most of Palestine in 1948 in which Jews are the privileged ethnic group at the expense of the Palestinians who also must live under a constant state of emergency The issue will not be resolved by the two state solution which will do little for the millions of Palestinian refugees and will also require the uprooting of hundreds of thousands of Jews living across the Green Line All these obstacles require a bolder rethinking of the issues the Green Line should be abandoned and a new type of polity created on the complete territory of mandatory Palestine with a new set of constitutional arrangements that address the rights of both Palestinians and Jews including the settlers

Catholic Doctrines on the Jewish People after Vatican II Gavin D'Costa, 2019-10-10 In this timely study Gavin D Costa explores Roman Catholic doctrines after the Second Vatican Council regarding the Jewish people 1965-2015 It establishes the emergence of the teaching that God's covenant with the Jewish people is irrevocable What does this mean for Catholics regarding Jewish religious rituals the land and mission Catholic Doctrines on the Jewish People after Vatican II establishes that the Catholic Church has a new teaching about the Jewish people the covenant made with God is irrevocable D Costa faces head on three important issues arising from the new teaching First previous Catholic teachings seem to claim Jewish rituals are invalid He argues this is not the case Earlier teachings allow us positive insights into the modern question Second a nuanced case for Catholic minimalist Zionism is advanced without detriment to the Palestinian cause This is in keeping with Catholic readings of scripture and the development of the Holy See's attitude to the State of Israel Third the painful question of mission is explored D Costa shows the new approach safeguards Jewish identity and allows for the possibility of successful witness by Hebrew Catholics who retain their Jewish identity and religious life

A Political Theory for the Jewish People Chaim Gans, 2016 The book presents several interpretations of Zionism and the post Zionist alternatives currently proposed for it as political theories for the Jews It explicates their historiographical philosophical and moral foundations and their implications for the relationships between Jews and Arabs in Israel Palestine and between Jews in Israel and world Jews

Rethinking Statehood in Palestine Leila H. Farsakh, 2021-10-26 The quest for an inclusive and independent state has been at the center of the Palestinian national struggle for a very long time This book critically reexamines this quest by exploring the meaning of Palestinian statehood and

the challenges that face alternative models to it today Rethinking Statehood in Palestine gives prominence to a young set of diverse Palestinian scholars both men and women to show how notions of citizenship sovereignty and nationhood are being currently rethought within the broader context of decolonization Bringing forth critical and multifaceted engagements with what Palestinian self determination entails within a larger regional context this groundbreaking book sets the terms of debate for the future of Palestine beyond partition

Contesting the Monolith Priya Singh, 2025-10-24 The book challenges the notion that Israel is a homogeneous state whether in theory or in practice It offers a detailed and critical intersectional analysis of nationalism ethnicity gender and marginality in Israeli society revealing how these forces converge to produce multiple as well as fused identities within a complex social fabric Examining the ruptures and fault lines that shape a multi layered society the study contends that Israel s exceptionality lies not in its self proclaimed Jewish and democratic character but in its resort to exceptional legal and coercive measures to mask internal diversity By obscuring this heterogeneous reality the state cultivates an illusion of a monolithic and uniform Israeli identity The analysis presents a society far more fragmented and stratified than official narratives suggest offering readers an understanding of how intersecting structures of identity and power operate in the Israeli context and how social and political institutions respond to and regulate internal difference This book will be of interest to academic researchers postgraduate and doctoral students and policymakers engaged with questions of nationalism marginality identity and Middle Eastern politics particularly within the disciplines of political science sociology Middle Eastern studies and gender studies

Israel and South Africa Ilan Pappé, 2015-10-15 Within the already heavily polarised debate on the Israeli Palestinian conflict parallels between Israel and apartheid South Africa remain highly contentious A number of prominent academic and political commentators including former US president Jimmy Carter and UN Special Rapporteur John Dugard have argued that Israel s treatment of its Arab Israeli citizens and the people of the occupied territories amounts to a system of oppression no less brutal or inhumane than that of South Africa s white supremacists Similarly boycott and disinvestment campaigns comparable to those employed by anti apartheid activists have attracted growing support Yet while the apartheid question has become increasingly visible in this debate there has been little in the way of genuine scholarly analysis of the similarities or otherwise between the Zionist and apartheid regimes In Israel and South Africa Ilan Papp one of Israel s preeminent academics and a noted critic of the current government brings together lawyers journalists policy makers and historians of both countries to assess the implications of the apartheid analogy for international law activism and policy making With contributors including the distinguished anti apartheid activist Ronnie Kasrils Israel and South Africa offers a bold and incisive perspective on one of the defining moral questions of our age

Hebrew Literature and the 1948 War Hannan Hever, 2019-04-09 Hebrew Literature and the 1948 War Essays on Philology and Responsibility is the first book length study that examines the conspicuous absence of the Palestinian Nakba in modern Hebrew literature Through a rigorous reading of canonical Hebrew literary texts the author addresses the general failure of Hebrew literature to take responsibility for the Nakba The book illustrates how the language of modern Hebrew poetry and fiction reflects symptoms of Israeli national violence in which the literary language produces a picture of Palestine as an arena where the violent clash between the perpetrators and the victims takes place In doing so the author develops a new and critical paradigm for reflecting on the moral responsibility of literature and the ethics of reading The book includes close readings of the works of Avot Yeshurun S Yizhar Nathan Alterman Yehuda Amichai Yitzhak Laor and Amos Oz among others
