**African Security Politics Redefined** K. Dokken, 2008-05-26 This book analyzes recent alterations in African security politics focusing on regionalization of civil wars transnational aspects of African conflicts African regional peacekeeping efforts the privatization of security in Africa and the role of the UN in peacekeeping **Routledge Handbook of African Security** James Hentz, 2013-08-22 This new Handbook examines the issues challenges and debates surrounding the problem of security in Africa Africa is home to most of the world's current conflicts and security is a key issue However African security can only be understood by employing different levels of analysis the individual human security the state national state security and the region regional international security Each of these levels provides analytical tools for understanding what could be called the African security predicament and these debates are animated by the new security issues immigration small arms transfers gangs and domestic crime HIV AIDS transnational crime poverty and environmental degradation African security therefore not only presents concrete challenges for international security but provides a real world context for challenging conventional conceptions of security Drawing together contributions from a wide range of key thinkers in the field the Routledge Handbook of African Security engages with these debates and is organized into four parts Part I The African security predicament in the twenty first century Part II Understanding conflict in Africa Part III Regionalism and Africa Part IV External influences This Handbook will be of great interest to students of African politics human security global security war and conflict studies peacebuilding and IR in general **Rethinking Climate Change, Security and Politics** Steven Ratuva, Mercedes Alda-Fernández, Dalila Gharbaoui, Masaki Kataoka, 2025-09-19 The book provides a critical analysis of the nexus between climate change security and politics especially in relation to the role and impact of societal agencies such as states corporations military financial institutions and community organizations in framing and responding to climate change using various forms of social economic or political leverage Climate change is a major existential security threat to the planet and humanity yet there is continuing debate as to how it should be approached

**U.S. Security Cooperation with Africa** Robert J. Griffiths, 2016-04-14 As Africa's strategic importance has increased over the past decade and a half United States security cooperation with the continent has expanded The most visible dimension of this increased engagement was the establishment of the U S Military Command for Africa AFRICOM Some critics are skeptical of AFRICOM's purpose and see the militarization of U S Africa policy while others question its effectiveness Recognizing the link between development and security AFRICOM represents a departure from the traditional organization of military commands because of its holistic approach and the involvement of the Department of State as well as other U S government stakeholders Nevertheless AFRICOM's effort to combine security and development faces formidable conceptual and operational challenges in trying to ensure both American and African security interests The human security perspective's emphasis on issues that go beyond traditional state centered security to include protecting individuals from

threats of hunger disease crime environmental degradation and political repression as well as focusing on social and economic justice is an important component of security policy At the same time the threat of violent extremism heavily influences U S security cooperation with Africa In this examination of the context of U S African security relations Robert J Griffiths outlines the nature of the African state traces the contours of African conflict surveys the post independence history of U S involvement on the continent and discusses policy organization and implementation and the impact of U S experiences in Iraq and Afghanistan on the U S Africa security relationship Africa s continuing geostrategic significance the influence of China and other emerging markets in the region and America s other global engagements especially in light of U S fiscal realities demonstrate the complexity of U S African security cooperation

### **Regional Organizations in African Security**

Fredrik Soderbaum,Rodrigo Tavares,2013-09-13 The African continent is plagued by some of the most brutal and violent conflicts in the world At the same time that warfare is changing so has the state s capacity to provide security and political stability to its citizens This book deals with the role of regional organizations in Africa s security It focuses on three basic yet often overlooked questions 1 the advantages and disadvantages of African regional and sub regional organizations vis vis other security mechanisms 2 the official and unofficial reasons to intervene and 3 whether security is actually protected by the peace activities carried out by the regional organizations The contributors to the book all leading researchers in the field systematically assess and compare the role of the African Union AU the Economic Community of West African States ECOWAS the Intergovernmental Authority on Development IGAD the Economic Community of Central African States ECCAS and the Southern African Development Community SADC This book was based on a special issue of African Security

The Overthrow of Robert Mugabe Blessing-Miles Tendi,2025-01-21 The Overthrow of Robert Mugabe Gender Coups and Diplomats argues the 2017 coup that ousted long time Zimbabwean president Robert Gabriel Mugabe and the generality of coups cannot be accurately and rigorously understood without examining the crucial role of gender and women s politics in military seizures of power Tendi s book shows that gender and women s politics pervade military coup causes dynamics justifications and international responses to coups Contrary to influential representations of Zimbabwe s 2017 coup and other recent coups as markedly different from past coups Tendi draws on long gendered histories of military coups in Africa to argue that there are significant continuities in coup characteristics across time Additionally Tendi s highly original study of Zimbabwe s 2017 coup identifies the motives dynamics and trigger of the coup Despite the existence of an international anti coup norm and democracy promotion in Africa by Western states Zimbabwean coup makers direct intervention in politics was largely not publicly condemned or penalized by Western and African diplomats Tendi uses original interviews with diplomats and politicians involved in external responses to the coup to address this important puzzle

Maritime Security Challenges in the South Atlantic Érico Duarte,Manuel Correia de Barros,2018-12-20 This edited volume focuses on the South Atlantic regional and national issues with maritime implications naval policy security transnational organized crime and

Europe's legacy and current influence The work analyzes the positions in favor and against NATO's extended role in the South Atlantic the historical and current issues related to the Falklands War the African national deficits and initiatives to attend the regional maritime problems Including contributions from Angolan Brazilian Senegalese and US collaborators the volume offers eclectic conceptual frameworks rich historical backgrounds updated data original analysis models and policy recommendations

**Troubled Regions and Failing States** Kristian Berg Harpviken, 2010-07-07 Is the phenomenon of state failure better understood through a focus on the regional context To what extent may studies of regional security benefit from a focus on the capacities and vulnerabilities of the states involved This title addresses these questions

Peacekeeping in Africa Marco Jowell, 2018-02-21 In recent decades African states have developed an impressive infrastructure for training their peacekeepers In addition peacekeeping peacebuilding and associated areas of conflict resolution have become significant areas of employment Marco Jowell has spent a decade working in peacekeeping training in East Africa initially as one of the foreign Technical Advisers at the Peace Support Operations PSO training centre in Kenya the International Peace Support Training Centre IPSTC and subsequently as a strategic adviser to the Rwanda Peace Academy Using first hand experience he considers how military forces from a variety of African states with great differences in history language and political systems and with militaries with different cultures and capabilities can conduct complicated multinational peacekeeping operations He shows how regional peacekeeping training centres provide an environment for African elites predominately military to interact with each other through shared training and experiences This process of interaction or socialisation improves skills but also encourages cohesion so that future African led missions will be managed by well trained officers who are comfortable and willing to work within a regional or Pan African framework Jowell shows that part of the aim of peacekeeping training centres is to foster a Pan African outward looking ideology or disposition as well as improving technical ability This book will be essential reading for all involved with African military and security studies and analysts of peacekeeping training and operations

*Nigeria, Africa, and the United States* Olayiwola

Abegunrin, 2016-12-07 The U S Department of Defense is fighting a new shadow war in Africa Africa is the battlefield of tomorrow and the United States military is spreading secret wars in the continent This book explores how and why this has happened Since the beginning of the twentieth century the formulation of the United States policy towards Africa has always been based on the strategic importance of the natural resources of Africa and how these can be used in the national interests of the United States However most Americans gave very little thought to Africa but instead referred to it as the Dark Continent not only because its peoples are dark skinned but also because it was unknown to them Africa is no longer dark but is rather becoming one of the lions on the move This book examines and analyzes Nigeria and U S policy on the continent since the Cold War It looks at Nigeria and the challenges facing the country including problems of development good governance and security It particularly focuses on the impacts of terrorism on Nigeria and U S Africa relations since the Cold

War and the realities of September 11 2001 in relations to Nigeria and United States Islamists jihadists terrorism in Africa  
There is huge potential in Nigeria the country has the largest population in Africa and is well endowed in terms of both natural and human resources Nigeria also has the largest economy on the continent the largest black population in the world a burgeoning and vibrant youthful population and a tradition of international engagement since its independence Its advantageous geographical location in West Africa enables trade within the continent as well as with Europe North and South America and Asia Nigeria is the most important strategic partner for the United States in the African continent and will become increasingly so in this century
