JOHN LAW

After Method Mess In Social Science Research

Idemudia, Efosa C.

After Method Mess In Social Science Research:

After Method John Law, 2004 John Law argues that methods don't just describe social realities but are also involved in creating them. The implications of this argument are highly significant. If this is the case, methods are always political and it raises the question of what kinds of social realities we want to create. Most current methods look for clarity and precision. It is usually said that only poor research produces messy findings and the idea that things in the world might be fluid, elusive or multiple is unthinkable. Law's startling argument is that this is wrong and it is time for a new approach. Many realities, he says, are vague and ephemeral. If methods want to know and help to shape the world, then they need to reinvent themselves and their politics to deal with mess. That is the challenge. Nothing less will do. *Search After Method* Julie Laplante, Ari Gandsman, Willow Scobie, 2020-09-11 Reigniting a tradition of learning from experience. *Search After Method* is a plea for livelier forms of anthropology. The anthropologists in the collection recount their experiences of working in the field framed within a range of anthropological debates. The book thus provides accounts of lived experiences from both extensive and contemporary fieldwork as well as offering solutions for how to evolve the art of anthropological research beyond what is currently imagined. **Handbook of Research on Social and Organizational Dynamics in the Digital Era** Idemudia, Efosa C., 2019-08-30 Technology in the world today impacts every aspect of society and has infiltrated every industry affecting communication, management, security etc. With the emergence of such technologies as IoT, big data, cloud computing, AI and virtual reality, organizations have had to adjust the way they conduct business to account for changing consumer behaviors and increasing data protection awareness. The *Handbook of Research on Social and Organizational Dynamics in the Digital Era* provides relevant theoretical frameworks and the latest empirical research findings on all aspects of social issues impacted by information technology in organizations and inter-organizational structures and presents the conceptualization of specific social issues and their associated constructs. Featuring coverage on a broad range of topics such as business management, knowledge management and consumer behavior, this publication seeks to advance the practice and understanding of technology and the impacts of technology on social behaviors and norms in the workplace and society. It is intended for business professionals, executives, IT practitioners, policymakers, students and researchers. **Governing the Feminist Peace** Paul C. Kirby, Laura Shepherd, 2024-04-02 The Women Peace and Security (WPS) agenda is celebrated as a landmark global framework for achieving gender equality in peace and security governance. Its power is visible in two decades of United Nations resolutions, national action plans, regional initiatives and countless activist, academic and philanthropic projects. Yet despite this vitality, it is haunted by failure as a lack of political will and stubborn patriarchal resistance frustrate its promise. This book offers a groundbreaking critical account of the WPS agenda, exploring its evolution in relation to the wider politics of global governance and feminism. Paul Kirby and Laura J. Shepherd argue that WPS is not a settled, cohesive policy but a field in flux, defined and disrupted by a growing number of national, supranational, subnational

and transnational agents who in turn act on an expanding catalogue of threats from climate change to homophobia challenging traditional boundaries of peace and security Kirby and Shepherd reconceptualize WPS as a policy ecosystem tracing interaction and contestation around the agenda across levels from the UN Security Council to military alliances to feminist activists They combine analysis of a vast dataset of policy documents with key informant interviews and close readings of diplomacy statecraft the politics of indigeneity counterinsurgency antimilitarism human rights and the arms trade across the first twenty years of WPS Far reaching and incisive Governing the Feminist Peace poses a provocative question What if we abandoned the idea of the WPS agenda as a unified political project altogether **Activist and Socially Critical**

School and Community Renewal John Smyth, Lawrence Angus, Barry Down, Peter McNerney, 2019-02-11 Activist and Socially Critical School and Community Renewal comes about at an incredibly important point in history and it offers a genuinely new paradigm This book attempts what few others have tried to bring together knowledge and literature around school reform and community renewal through authentic ethnographic stories of real schools and communities The book describes and analyzes a courageous struggle for a more socially just world around notions of relational solidarity that speak back to ideas that continue to privilege the already advantaged This book provides some desperately needed new storylines as a basis for school and community renewal for the most excluded groups in society It provides a new social imagination for doing school in contexts that stand to benefit from school and community voiced approaches *Reflexivity in Language and Intercultural Education* Julie S. Byrd Clark, Fred Dervin, 2014-04-03 With the impact of accelerated globalization digital technologies mobility and migration the fields of Applied Linguistics Language and Intercultural Education have been shifting One shift in need of further exploration is that of systematic and coherent reflexivity in researching language and culture This unique and timely book thus examines the significance of reflexivity as an integral process particularly when researching the multifaceted notions of multilingualism and interculturality in education It also contributes to current critical approaches to representations of languages and cultures in identity politics As such the authors offer innovative ways of engaging with reflexivity in teaching learning and research through multimodal and complex ways The chapters span a diverse range of educational settings in Asia Australia Europe and North America **The SAGE Handbook of Current**

Developments in Grounded Theory Antony Bryant, Kathy Charmaz, 2019-04-22 Building on the success of the bestselling The SAGE Handbook of Grounded Theory 2007 this title provides a much needed and up to date overview integrating some revised and updated chapters with new ones exploring recent developments in grounded theory and research methods in general The highly acclaimed editors have once again brought together a team of leading academics from a wide range of disciplines perspectives and countries This is a method defining resource for advanced students and researchers across the social sciences Part One The Grounded Theory Method 50 Years On Part Two Theories and Theorizing in Grounded Theory Part Three Grounded Theory in Practice Part Four Reflections on Using and Teaching Grounded Theory Part Five GTM and

Qualitative Research Practice Part Six GT Researchers and Methods in Local and Global Worlds *The SAGE Handbook of Case-Based Methods* David Byrne, Charles C Ragin, 2009-06-18 Case based methods have a long history in the social sciences. They are extensively used and raise many practical and theoretical questions. This book provides a comprehensive critical examination of case oriented research. It offers concrete proposals about the best research methods and provides an unparalleled guide to the emergence and complexity of the field. The Handbook situates the reader in the essential theoretical and practical issues. Demonstrates the unity and diversity of case oriented research through an examination of case based methods. Distinguishes between case based and case study research. Elucidates the philosophical issues around case based methods. Examines case based work in the context of both social theory and theories of research methods. **The Law of the List** Gavin Sullivan, 2020-04-23 Governing though the technology of the list is transforming international law, global security and the power of international organisations. *The Oxford Handbook of Multimethod and Mixed Methods Research Inquiry* Sharlene Nagy Hesse-Biber, Burke Johnson, 2015 Offering a variety of innovative methods and tools. The Oxford Handbook of Multimethod and Mixed Methods Research Inquiry provides the most comprehensive and up to date presentation on multi and mixed methods research available. Written in clear and concise language by leading scholars in the field, it enhances and disrupts traditional ways of asking and addressing complex research questions. Topics include an overview of theory paradigms and scientific inquiry, a guide to conducting a multi and mixed methods research study from start to finish, current uses of multi and mixed methods research across academic disciplines and research fields, the latest technologies and how they can be incorporated into study design, and a presentation of multiple perspectives on the key remaining debates. Each chapter in the volume is structured to include state of the art research examples that cross a range of disciplines and interdisciplinary research settings. In addition, the Handbook offers multiple quantitative and qualitative theoretical and interdisciplinary visions and praxis. Researchers, faculty, graduate students and policy makers will appreciate the exceptional timely and critical coverage in this Handbook which deftly addresses the interdisciplinary and complex questions that a diverse set of research communities are facing today.

After Method Mess In Social Science Research Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the energy of words has be much more evident than ever. They have the capability to inspire, provoke, and ignite change. Such may be the essence of the book **After Method Mess In Social Science Research**, a literary masterpiece that delves deep into the significance of words and their affect our lives.
