

*Creating Israel on land already inhabited by
Palestinians would "imperil not only American
but all Western interests in the Near East."*

— DEAN ACHESON, US STATESMAN, 1947

AGAINST OUR BETTER JUDGMENT

The hidden history of how the
U.S. was used to create Israel

ALISON WEIR

Against Our Better Judgement

Ivor Green

Against Our Better Judgement:

Against Our Better Judgment Alison Weir, 2014 Reason, Virtue and Psychotherapy Antonia Macaro, 2006-06-14 In recent years philosophy has become increasingly popular as an alternative source of inspiration in helping people to lead a good life Ancient Greek philosophy in particular was conceived as a practical endeavour intended to have an impact on how people lived This book loosely organised around the structure of Aristotle's *Nicomachean Ethics* draws on Aristotle's ideas about virtue and on contemporary virtue ethics to create a framework that can be used by psychotherapists and counsellors in helping their clients or themselves to live flourishing lives It provides a clear discussion of Aristotle's key ideas about virtue and the good life and places these within the context of other philosophical and psychological theories both ancient and contemporary It goes on to address the practical relevance of these ideas to the everyday work of the therapist providing suggestions for practice and a number of useful exercises These will be particularly helpful for practitioners working with issues such as finding value and meaning in life making difficult decisions developing helpful character traits managing disruptive emotions and increasing self control *Reason Virtue and Psychotherapy* bridges the gap between academic philosophy and real life It will be of interest to practising counsellors and psychotherapists as well as students and trainees in these areas Since it is written in a clear jargon free style it is also appropriate for all those who are curious about how ancient understandings can improve their life *Donald Davidson on Action, Mind and Value* Syraya Chin-Mu Yang, Robert H. Myers, 2020-09-28 This book brings together a wide range of innovative reflections on the pivotal role that Davidson's concept of agency plays in his later philosophy and its impact on his epistemology his philosophy of language and mind and his philosophy of values The authors critically assess central elements of Davidson's program and offer reappraisals of his seminal contributions to and his continuing influence on the development of contemporary philosophy By focusing on agency the book reveals Davidson's views to have been more dynamic and less reductive than previously acknowledged pointing toward important new possibilities not only in the theory of knowledge but also in the philosophy of mind It is a valuable resource both for experts on Davidson's philosophy and for those interested in central topics in the theory of action the philosophy of mind and language epistemology moral philosophy and the philosophy of values It is also of interest to researchers in adjoining disciplines such as cognitive science linguistics and psychology Against Our Better Judgment Alison Weir, 2014 Soon after WWII US statesman Dean Acheson warned that creating Israel on land already inhabited by Palestinians would imperil both American and all Western interests in the region Despite warnings such as this one President Truman supported establishing a Jewish state on land primarily inhabited by Muslims and Christians Few Americans today are aware that US support enabled the creation of modern Israel Even fewer know that US politicians pushed this policy over the forceful objections of top diplomatic and military experts As this work demonstrates these politicians were bombarded by a massive pro Israel lobbying effort that ranged from well funded and very public Zionist organizations to an elitist secret

society whose members included Supreme Court Justice Louis Brandeis Back cover **This Strange Loneliness** Peter Mackay, 2021-04-15 This Strange Loneliness is the first comprehensive account of the poetic relationship between Seamus Heaney and William Wordsworth Peter Mackay explores how Heaney repeatedly turns to the Romantic poet's work for inspiration corroboration and amplification and as a model for the fortifying power of poetry itself which offers the fundamental lesson that it is on this earth we find our happiness or not at all Through an in depth look at archival materials and at uncollected poems and prose by Heaney Mackay traces the evolution of Heaney's readings of Wordsworth throughout his career revealing their shared interest in the connections between poetry and education the possibility of a beneficial understanding of poetic influence the complexities of place and displacement ideas of transcendence and ultimately the importance of late style later poems by Wordsworth might prove a cautionary tale as well as example for any poet Placing Heaney's readings within their political historical and poetic contexts the book also explores how he negotiated the complex relationship between Irish and British culture and identity to claim a persistent form of kinship and forge a strange community with the Romantic poet With illuminating readings that reveal new contexts to and currents in Heaney's work This Strange Loneliness is a powerful evocation of the Irish poet's sense of the uplift that poetry can provide **Against the Grammarians (Adversus Mathematicos I)** Sextus (Empiricus.), 1998 Sextus Empiricus is one of the most important ancient philosophical writers after Plato and Aristotle His writings are our main source for the doctrines and methods of Scepticism He probably lived in the second century AD Eleven books of his writings have survived covering logic physics ethics and many other fields Against the Grammarians is the first book of Sextus Adversus Mathematicos his broad ranging polemic against the various liberal studies of classical learning It is prefaced by a short general attack on the arts included in this volume then Sextus focuses on the grammatical writers of the classical era categorizing analysing and criticizing their doctrines The result is not only an invaluable source for ancient ideas about grammar language and literary technique but an excellent example of sustained Sceptical reasoning David Blank presents a new translation into clear modern English of this important treatise together with the first ever commentary on the work In an extended introduction he discusses Against the Grammarians in the broad context of Sextus work as a whole Scepticism in general and the history of ancient writings in this field *Knowledge, Language and Logic: Questions for Quine* A. Orenstein, P. Kotatko, 2012-12-06 Quine is one of the twentieth century's most important and influential philosophers The essays in this collection are by some of the leading figures in their fields and they touch on the most recent turnings in Quine's work The book also features an essay by Quine himself and his replies to each of the papers Questions are raised concerning Quine's views on knowledge observation holism truth naturalized epistemology about language meaning the indeterminacy of translation conjecture and about the philosophy of logic ontology singular terms vagueness identity and intensional contexts Given Quine's preeminent position this book must be of interest to students of philosophy in general Quine aficionados and most particularly to those working in

the areas of epistemology ontology philosophies of language of logic and of science **Treasure Your Money, Enrich Your Life** L. E. Schwab,2003 The book s purpose is to advise on how to look after your money and your possessions It contains useful suggestions on how to save money and how to handle the money in your life It instructs on the use of credit cards insurance and banking It advises on acquiring a healthy attitude towards money It advocates a free of debt style of life aiming at reaching total financial independence **Soothe Your Soul** Ivor Green,2015-12-21 The author has come to some conclusions about the interaction of our Spiritual and human entities that he shares in Soothe Your Soul The author describes the challenges of everyday life that are combining to keep us out of touch with the power of the Spirit within us all He goes on to outline how we can identify and overcome those challenges and unlock the pathway to our true self our Spiritual Being This book seeks to add to the experience of those seeking answers and endeavoring to be more in touch with their Spirituality **The Dublin Review** ,1911
