Angst Apocalyps Revelations Briljante Ontleding Van Apocalyptische Momenten In Afgelopen Eeuw:

Apocalypse Michael A Bryant, 2003-02-01 Bryant's masterful and scholarly work reflects upon the Book of Revelation and spans the time from when John received the Revelation on Patmos until the New Heavens and the New Earth are created and all things become new. The author also approaches the study of the Book of Revelation by utilizing the original blueprint of Revelation which was given to John by Jesus Christ. The blueprint serves as a framework for understanding the visions contained in the Revelation. The author's unique perspective also resolves what has traditionally been a seemingly insurmountable conflict between the pre-tribulation and mid-tribulation camps. This perspective is best summarized by utilizing the framework for understanding Revelation and understanding that there are three different groups of Christians seen in heaven in three different locations and at three different times. *Apocalypse The Unveiling* is essential reading for anybody interested in cutting through the misconceptions surrounding the Book of Revelation and for understanding how the Book of Revelations applies to the modern world.
