Matthieu Ricard

Animal Liberation The Definitive Classic Of The Animal Movement:

Animal Liberation Now Peter Singer, 2023-05-23 THE UPDATED CLASSIC OF THE ANIMAL RIGHTS MOVEMENT NOW WITH AN INTRODUCTION BY YUVAL NOAH HARARI Few books maintain their relevance and have remained continuously in print nearly fifty years after they were first published *Animal Liberation* one of TIME's All TIME 100 Best Nonfiction Books is one such book Since its original publication in 1975 this groundbreaking work has awakened millions of people to the existence of speciesism our systematic disregard of nonhuman animals inspiring a worldwide movement to transform our attitudes to animals and eliminate the cruelty we inflict on them In *Animal Liberation Now* Singer exposes the chilling realities of today's factory farms and product testing procedures destroying the spurious justifications behind them and showing us just how woefully we have been misled Now Singer returns to the major arguments and examples and brings us to the current moment This edition revised from top to bottom covers important reforms in the European Union and in various U S states but on the flip side Singer shows us the impact of the huge expansion of factory farming due to the exploding demand for animal products in China Further meat consumption is taking a toll on the environment and factory farms pose a profound risk for spreading new viruses even worse than COVID 19 *Animal Liberation Now* includes alternatives to what has become a profound environmental and social as well as moral issue An important and persuasive appeal to conscience fairness decency and justice it is essential reading for the supporter and the skeptic alike *Animal Liberation* Peter Singer, 2009-02-24 Since its original publication in 1975 this groundbreaking work has awakened millions of people to the existence of speciesism our systematic disregard of nonhuman animals inspiring a worldwide movement to transform our attitudes to animals and eliminate the cruelty we inflict on them In *Animal Liberation* author Peter Singer exposes the chilling realities of today's factory farms and product testing procedures destroying the spurious justifications behind them and offering alternatives to what has become a profound environmental and social as well as moral issue An important and persuasive appeal to conscience fairness decency and justice it is essential reading for the supporter and the skeptic alike

Ideas and Movements That Shaped America Michael Green, Scott L. Stabler, 2015-07-28 America was founded on bold ideas and beliefs This book examines the ideas and movements that shaped our nation presenting thorough accessible entries with sources that improve readers understanding of the American experience Presenting accessibly written information for general audiences as well as students and researchers this three volume work examines the evolution of American society and thought from the nation's beginnings to the 21st century It covers the seminal ideas and social movements that define who we are as Americans from the ideas that underpin the Bill of Rights to slavery the Civil Rights movement and the idea of gay rights even if U S citizens often strongly disagree on these topics Organized topically rather than chronologically this encyclopedia combines primary sources and secondary works or historical analyses with text describing the ideas and movements in question In addition each entry includes a list of suggestions for further reading that

directs readers to supplementary sources of information The set s unique perspective serves to depict how American society has evolved from the nation s beginnings to the present revealing how Americans as a people have acted and responded to key ideas and movements

Eco-global Crimes Ragnhild Sollund,2016-04-29 Building on knowledge within the fields of green and eco global criminology this book uses empirical and theoretical arguments to discuss the multi dimensional character of eco global crime It provides an overview of eco global crimes and discusses them from a justice perspective The persistence of animal abuse and speciesism are also examined together with policies aimed at controlling the natural world and plant species Pollution by large corporations rights of indigenous peoples and the damage caused by the mineral extraction are also considered Providing new ideas and insights which will be relevant on a global scale this book is an interesting and useful study of the exploitation of nature and other species It will be invaluable for students and scholars globally working within or connected to the field of green and eco global criminology The book will also be important for the participants of various social movements especially the environmental and animal advocacy movements

Free-Range Religion Adrienne Krone,2025-11-11 Ethical and moral concerns about food and diet commonly feature in individuals religious identities and expressions These concerns extend beyond what one should eat to include how food should be prepared and produced As Adrienne Krone demonstrates in this ethnographic study participants in alternative food movements are developing new ways to see food preparation and production as religious acts Following two Christian and two Jewish food organizations Krone complicates our understanding of American religion as religious people come together across a range of differences to change the food system Free Range Religion showcases the complex ways that religion lives and works within food production marketing and distribution These free range religious practices blend belief and practice with secular concerns and constitute a key albeit understudied part of the American alternative food movement

A Good That Transcends Eric T. Freyfogle,2017-02-27 Since the birth of the modern environmental movement in the 1970s the United States has witnessed dramatic shifts in social equality ecological viewpoints and environmental policy With these changes has also come an increased popular resistance to environmental reform but as Eric T Freyfogle reveals in this book that resistance has far deeper roots Calling upon key environmental voices from the past and present including Aldo Leopold Wendell Berry David Orr and even Pope Francis in his Encyclical and exploring core concepts like wilderness and the tragedy of the commons A Good That Transcends not only unearths the causes of our embedded culture of resistance but also offers a path forward to true lasting environmental initiatives A lawyer by training with expertise in property rights Freyfogle uses his legal knowledge to demonstrate that bad land use practices are rooted in the way in which we see the natural world value it and understand our place within it While social and economic factors are important components of our current predicament it is our culture he shows that is driving the reform crisis and in the face of accelerating environmental change a change in culture is vital Drawing upon a diverse array of disciplines from history and philosophy to the life sciences economics and

literature Freyfogle seeks better ways for humans to live in nature helping us to rethink our relationship with the land and craft a new conservation ethic By confronting our ongoing resistance to reform as well as pointing the way toward a common good A Good That Transcends enables us to see how we might rise above institutional and cultural challenges look at environmental problems appreciate their severity and both support and participate in reform

A Plea for the Animals Matthieu Ricard,2016-10-04 A powerful and wide ranging indictment of the treatment of animals by humans and an eloquent plea for animal rights Every cow just wants to be happy Every chicken just wants to be free Every bear dog or mouse experiences sorrow and feels pain as intensely as any of us humans do In a compelling appeal to reason and human kindness Matthieu Ricard here takes the arguments from his best sellers Altruism and Happiness to their logical conclusion that compassion toward all beings including our fellow animals is a moral obligation and the direction toward which any enlightened society must aspire He chronicles the appalling sufferings of the animals we eat wear and use for adornment or entertainment and submits every traditional justification for their exploitation to scientific evidence and moral scrutiny What arises is an unambiguous and powerful ethical imperative for treating all of the animals with whom we share this planet with respect and compassion

Sustainable Wellbeing Futures Robert Costanza,Jon D. Erickson,Joshua Farley,Ida Kubiszewski,2020-05-29 Ecological economics can help create the future that most people want a future that is prosperous just equitable and sustainable This forward thinking book lays out an alternative approach that places the sustainable wellbeing of humans and the rest of nature as the overarching goal Each of the book s chapters written by a diverse collection of scholars and practitioners outlines a research and action agenda for how this future can look and possible actions for its realisation

Justice and food security in a changing climate Hanna Schübel,Ivo Wallimann-Helmer,2023-08-14 The UN s Sustainable Development Goals saw the global community agree to end hunger and malnutrition in all its forms by 2030 However the number of chronically undernourished people is increasing continuously Ongoing climate change and the action needed to adapt to it are very likely to aggravate this situation by limiting agricultural land and water resources and changing environmental conditions for food production Climate change and the actions it requires raise questions of justice especially regarding food security These key concerns of ethics and justice for food security due to climate change challenges are the focus of this book which brings together work by scholars from a wide range of disciplines and a multitude of perspectives These experts discuss the challenges to food security posed by mitigation geoengineering and adaptation measures that tackle the impacts of climate change Others address the consequences of a changing climate for agriculture and food production and how the Covid 19 pandemic has affected food security and animal welfare

Environmental Ethics Gregory Bassham,2020-12-04 Environmental Ethics provides an accessible lively and up to date introduction to the central issues and controversies in environmental ethics Requiring no previous knowledge of philosophy or ethical theory the book will be of interest to students environmental scientists environmental policy makers

and anyone curious to know what philosophers are saying today about the urgent environmental challenges we face The book is divided into two parts Part One deals with theoretical issues in environmental philosophy examining a variety of ethical and environmental theories that provide diverse and thought provoking perspectives on critical ecological issues Part Two turns to applied environmental ethics addressing current debates on topics such as climate change biodiversity loss wilderness preservation responsibilities to future generations population growth overconsumption food ethics and ecological activism Features include Clear explanations of key concepts and theories that lie at the heart of current debates in environmental ethics A mix of theory of practice that permits readers to apply diverse theoretical perspectives to key environmental debates A wealth of pedagogical aids including chapter summaries discussion questions suggested readings and a glossary of important terms
