Welcome to Spring Valley Mary John Eidson, 2012-08-17 Welcome to Spring Valley The idea seemed ridiculously far fetched Why would a young couple with small children want a place in the wilds of east Texas Deep in the forest of east Texas lots of hickory and oak trees grow A beautiful part of the state there is lots of wildlife whitetail deer roam beaver hide in marshes raccoons play and a whole world of birds call it home This is a story about my family Getting acquainted with varied forms of wildlife was truly an exciting adventure The whitetail deer racing to jump the fence raccoons peeping in the window at us beaver splashing in the water and placing small fingerlings in a new pond to grow and get ready for the frying pan were activities that will not be forgotten Was this a dream or a nightmare A site overlooking the valley was the chosen spot for our cabin to be built It also prompted the name of this book as live springs were discovered in the valley springs bubbling out of the earth too beautiful to describe Each trip was full of challenges but also many rewards Building a pond and the purchase of a fl at bottom boat made fishing swimming and relaxing in the sun possible Soon it became important to own horses Six horses soon called Spring Valley home When we look back at memorable times many things come to mind I will be forever grateful that the No in my mind became Yes on my lips *Sources and Chronology of Nitrate Contamination in Spring Waters, Suwannee River Basin, Florida* Brian G. An A-Z of

Animal Symbolism Aurore Pramila, 2024-06-04 Learn to interpret the messages the animal world has for you A bird knocks insistently on your window your cat brings you a lizard you find yourself face to face with a spider or you dream of an elephant what if each animal had a message for you Animals have always been a source of fascination for humans we love to watch them learn about them and keep them as pets But what if animals could actually communicate with us In this complete guide you ll find everything you need to know about the symbolism and signs of more than 150 animals whether they appear to you in a dream or happen to cross your path You ll learn their individual characteristics as well as the elements and seasons they re associated with You ll also discover what these encounters mean for different aspects of your life including love career family and health Messages from the animal world are always filled with compassion but animals aren t there to flatter your ego Rather they aim to help you advance in consciousness in your life s journey Sometimes you ll receive an encouraging sign that confirms you re on the right path or guidance to help you move forward Other times an animal will deliver a deeper lesson for you to explore because that s how we learn More than anything their messages can open avenues of questioning and help to make your way forward clearer The animals wish you well they want you to hear their messages
