

animus

AND

anima

Two classic papers on the elemental patterns of the psyche written by Emma Jung (1882-1955), psychoanalyst, sister and wife of C. G. Jung. First published in English in 1955, these are required reading for training Jungian analysts.

How do anima and animus, these all-important Jungian archetypes, appear in dreams, fantasies, behaviors, and relationships? This book maps a way towards an understanding of the union of opposites and the emergence of the self. There is wisdom in Emma Jung's words, simplicity in her style, and we feel the movement of anima and animus in her work.
