Americas Dates With Destiny:

America's Dates with Destiny Pat Robertson, 1986 Includes material on the Great Awakening Declaration of Independence Constitution Statue of Liberty American Civil Liberties Union abortion and Ronald Reagan **America's God and Country** William J. Federer, William Joseph Federer, 1994 An Invaluable resource highlighting America's noble heritage profound quotes from founding fathers presidents statesmen scientists constitutions court decisions for use in speeches papers debates essays *Redeeming America* Michael Lienesch, 2014-04-15 This balanced and comprehensive study of Christian conservative thinking focuses on the 1980s when the New Christian Right appeared suddenly as an influential force on the American political scene only to fade from the spotlight toward the end of the decade In *Redeeming America* Michael Lienesch identifies a cyclical redemptive pattern in the New Christian Right's approach to politics and he argues that the movement is certain to emerge again Lienesch explores in detail the writings of a wide range of Christian conservatives including Jerry Falwell Pat Robertson Phyllis Schlafly and Tim and Beverly LaHaye in order to illuminate the beliefs and ideas on which the movement is based Depicting the thinking of these writers as a set of concentric circles beginning with the self and moving outward to include the family the economy the polity and the world Lienesch finds shared themes as well as contradictions and tensions He also uncovers a complex but persistent pattern of thought that inspires periodic attempts to redeem America alternating with more inward looking intervals of personal piety **When Time Shall Be No More** Paul Boyer, 1994-01-01 As influential as prophecy is in the worldview of so many the belief in the phenomenon remains a popular mystery largely unstudied and little understood *When Time Shall Be No More* offers for the first time an in depth look at the subtle pervasive ways in which prophecy belief shapes contemporary American thought and culture **Chosen Nation** Braden P. Anderson, 2012-01-05 Christian teaching and modern sensibilities both eschew nationalism as an extreme fanatical form of patriotism an excessive or disordered form of an otherwise healthy and proper national identity But what if the problem of nationalism is something much more fundamental What if nationalism is actually the process leading to national identity in the first place And what happens when this process entails selectively appropriating and reinterpreting the Christian tradition for the sake of the envisioned nation This book takes up these questions within the context of American Christian nationalism Here the process of interweaving the Christian narrative with American history and myth is examined in depth through a thorough engagement with scholarship on nationalism and within a framework shaped by contemporary theopolitical studies and the biblical narrative The study aims to discern how the Christian Scriptures and theological tradition have been used by Christians themselves to further what amounts to an alternative gospel In so doing this book charts a path for the church to evaluate itself honestly in light of Christ's lordship repent and learn to tell its story more truly

Future Survey Annual 1987 Michael Marien, 1988-01-01 *My Life in a Changing America* William Elihu Palmer, 2019-08-19 This book *My Life in a Changing America* is autobiographical and relates the episodes that changed my

life Rather than a time line of continuity the book is divided into stories of events people and unseen forces that were important at different times in the grand adventure of life and the pursuit of the American Dream In my lifetime I was fortunate enough to go from growing up as a poor farm boy to traveling the world as an educator and a university professor I have lived much of my life during the period of what might have been the Golden Age of America As a youngster growing up in an isolated village in the middle of the peninsula that separates the Chesapeake Bay from the Atlantic Ocean I had naively believed that I was invulnerable to the fates of others around me Now at age 88 I have come to the realization that the adventure of life is much like the trajectory of a shooting star flashing across the night sky No matter how high it may fly nor how bright the trail it leaves behind it soon vanishes into the unseen depths of space and time I have written this autobiography to leave a trace of my shooting star

America, Amerikkka Rosemary Radford Ruether, 2014-12-05 America views itself as a nation inhabiting a promised land and enjoying a favoured relation with God This view of unique election has been coupled with racial exclusivism and the marginalization of non white citizens America Amerikkka traces the historical and ideological patterns behind America's sense of itself In its examination of America's chosenness the book ranges across the doctrine of the rights of man in the 18th and 19th centuries the role of America in the twentieth century as global policeman and the enforcement of neo colonial relations over the third world The volume argues for a vision of global relations between peoples based on justice and mutuality rather than hegemonic dominance
