Forthcoming Books Rose Army,1997 **The Pivot of Civilization (Classic Reprint)** Margaret Sanger,2015-07-08

Excerpt from The Pivot of Civilization I dream of a world in which the spirits of women are flames stronger than fire a world in which modesty has become courage and yet remains modesty a world in which women are as unlike men as ever they were in the world I sought to destroy a world in which women shine with a loveliness of self revelation as enchanting as ever the old legends told and yet a world which would immeasurably transcend the old world in the self sacrificing passion of human service I have dreamed of that world ever since I began to dream at all Havelock Ellis About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The**

Beginnings of Civilization (Classic Reprint) Charles Woodward Hutson,2017-06-08 Excerpt from The Beginnings of Civilization It may not be amiss to tell how I came to write this little book Works so much more scholarly appearing from time to time on one or another branch of the theme here discussed some persons may be disposed to regard my venture as superfluous if not presumptuous But the fact is I have sought in vain for a work even professing to cover just the field which it has been my aim to prepare for the use of the reader In trying to give my history classes some idea of the state of humanity before the dawn of history I have found myself compelled to draw one set of facts from the geologists and archaeologists another from the students of myths and folk lore another from the special students of language and race and another from the very negations of the antagonists of each or all of these classes of scientific workers About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The**

History of Civilization, Vol. 2 of 7 (Classic Reprint) Amos Dean,2018-02-28 Excerpt from The History of Civilization Vol 2 of 7 Greece extends farther south than any other part of the European continent Considering the ancient Iberia the present Spanish peninsula as the farthest land west that was known to the ancients and Serica as that the farthest east we should find Greece almost directly in the centre of the most cultivated countries of the three continents Europe Asia and Africa It was surrounded by sea except on the north where it was walled in by mountains About the Publisher Forgotten Books

breathe into it much of his own character yet from such imperfect gleanings we can form but a limited conception of the man It will not therefore be deemed out of taste to give a short sketch of the life of Prof Amos Dean the author of the present work By his many friends such a narration will be welcomed while it may not be devoid of interest to the general reader and student About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The New Basis of Civilization (Classic Reprint) Simon Nelson Patten, 2017-11-03

Excerpt from The New Basis of Civilization The volume by Professor Patten makes an admirable introduction to such a series It interprets in a specially suggestive and stimulating way the meaning and significance of recent social changes with which the practical social worker is so actively engaged and to which he is so close in point of time and contact that he may well fail to secure for himself the stimulus of the larger outlook upon the events in which he is a participant About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
